This is a follow up of our historical buildings which continue as noted in a prior email dated 5/12/05. For FY 05, FY 06, and FY 07 nothing has changed. The three buildings noted below continue to be our only buildings known as historical sites.

- Houston Main Building Built in 1952
- Anderson Center Core Built in 1954
- Anderson East and West Built in 1954

Please let me know if you have any questions.

Thanks,
Donna Vasquez
