Making Cancer History®

Present the:

Chemotherapy Biotherapy *Course*

Target Audience

Participants must be licensed registered nurses who have been employed as such for a minimum of six months. This course content is appropriate for nurses who are new to chemotherapy administration, as well as those who want a comprehensive review.

Brief Course Description

Oncology Nursing Society's (ONS) Chemotherapy Biotherapy Course provides a comprehensive review of the knowledge needed to administer cytotoxic and biotherapeutic agents.

Upon successful completion of this course and post-test, participants will receive an ONS Chemotherapy and Biotherapy Provider Card. This card validates the participant has the theoretical foundation needed to administer cytotoxic and biotherapeutic agents. This card is valid for two years.

Continuing Nursing Education Credits:

ONS will award 16.2 continuing education hours to nurses who attend this program in its entirety. ONS is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center's (ANCC) Commission on Accreditation.
