

Present the:

ONS Radiation Therapy *Course*

Target Audience

This course is designed for inpatient and ambulatory oncology nurses who care for patients receiving radiation therapy. This course content is appropriate for those who are new to radiation as well as for those who desire a review of this topic.

Brief Course Description

Oncology Nursing Society's (ONS) Radiation Therapy Course provides a review of the principles of radiation therapy and the nursing care associated with a variety of radiation treatment modalities.

Continuing Nursing Education Credits:

ONS will award 7.0 contact hours to nurses who attend this program in its entirety. ONS is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation.

ONS is approved as a provider of continuing nursing education by the California State Board of Registered Nursing, Provider No. 2580.
