

“Future Directions in Cancer Prevention & Control: Workforce Implications for Training, Practice, & Policy”
CHAPTER OUTLINE & WORK GROUP MATRIX

	Implementing Cancer Prevention into Clinical Practice
1) What is the current state/What have we done so far?	
a. Prevention	
b. Control	
c. Research	
d. Application	
e. Survivorship	
f. Special Populations	
g. Evaluation	
2) What do we need to do in the future/What do we not know?	
a. Prevention	
b. Control	
c. Research	
d. Application	
e. Survivorship	
f. Special Populations	
g. Evaluation	
3) What do we know so far that we have applied or need to apply?	
a. Prevention	
b. Control	
c. Research	
d. Application	

e. Survivorship	
f. Special Populations	
g. Evaluation	
4) How do we develop a better system to apply what we've learned?	
a. Prevention	
b. Control	
c. Research	
d. Application	
e. Survivorship	
f. Special Populations	
g. Evaluation	
5) How does this impact the workforce now & in the future?	
a. Prevention	
b. Control	
c. Research	
d. Application	
e. Survivorship	
f. Special Populations	
g. Evaluation
