

RIKEN Center for Developmental Biology
March 26-28, 2012

CDB Symposium 2012
Quantitative Developmental Biology

For G&D Students !

Apply to Attend the 2012 RIKEN CDB Symposium in Kobe, Japan on “Quantitative Developmental Biology”

Award Description

The G&D Program will sponsor one G&D student to attend the 2012 RIKEN Center for Developmental Biology (CDB) Symposium to be held March 26-28, 2012 in Kobe, Japan. This award is presented as part of G&D's exchange program with the RIKEN. This is an outstanding chance to learn about science in another country and expand your network.

For meeting information, go to: <http://www.cdb.riken.jp/sympo2012/>

To be explored at this year's symposium:

- ▶ Integration of experimental, computational, and theoretical approaches toward the understanding of fundamental principles of development.

Eligibility & Application

- All G&D pre- and post-candidacy students are eligible to apply.
- The application consists of the abstract you will submit for the meeting per the RIKEN CDB guidelines, a short paragraph stating your reasons for applying, and a current NIH-style biosketch. Your abstract can be up to 400 words, including author names and affiliation; your advisor must sign it.
- Submit your application to Elisabeth Lindheim via email: elindheim@mdanderson.org or deliver a hard copy to her in BSRB 11.8116.

Application Deadline: December 5, 2011

For more information, contact Dr. Yas Furuta or Elisabeth Lindheim
