

## Clinical Site Visit Form

*Radiation Therapy Program  
School of Health Sciences*

---

Each applicant seeking admittance into The University of Texas M. D. Anderson Cancer Center Program in Radiation Therapy will be required to visit a Radiation Therapy Department to observe its operation for a minimum of **FOUR** clock hours.

To make a clinical site visit appointment, the applicant should follow these steps:

1. Call the Radiation Therapy Program Office at (713) 792-3455 in order to set up a clinical site visit and time.
  2. Please honor this appointment day and time, or call to cancel or re-schedule if necessary.
  3. As stated, the minimum visitation time is four clock hours. You may stay longer if you wish. Remember that the purpose of this visit is to permit you to observe a functional radiation oncology department and to speak with those already working in the radiation therapy profession to hear their views about the profession. So, stay as long as you need until you are fairly sure that this is the career choice suited for you.
  4. When you go for the visit, dress in a manner appropriate for a professional environment. Please do not wear blue jeans, tennis shoes or "T"-shirt type shirts. Applicants should not wear strong fragrances or heavy make-up. Applicants wearing skirts or dresses should keep the length below the knee. Flats are preferred over high-heeled shoes. A **white lab coat**, if available, is appropriate.
  5. During the visitation, please remain in the area assigned by the Clinical Supervisor. If you have questions, do not hesitate to ask. Be careful, however, of asking questions while in the presence of a patient. Wait until the patient has left the area.
  6. Anything you observe in the clinic is strictly confidential and protected under HIPPA laws.
  7. Return this form to the **Program Office** or the **Clinical Coordinator** as soon as you can.
