

The Breast Cancer Companion

Book donation in honor of Julia C. Maas

In honor of Julia C. Mass, a health education specialist who worked in The Learning Center for many years, we are providing 200 copies of the award-winning book, “The Breast Cancer Companion.” These books will be given to newly diagnosed breast cancer patients while supplies last.

Thank you to the Houston Alumnae Association of Zeta Tau Alpha for their generous donation. Maas lived life fully with breast cancer for 16 years and was a passionate patient advocate.
