

# Leukemia Fellowship Program Class of 2023-2025

---

## **Julie Salman Braish, MBBCh**

Chief Clinical Fellow

MD Anderson Cancer Center Leukemia Fellowship Program  
**2023-2025**

**Julie Braish, MBBCh** is a second year Fellow in The Leukemia Fellowship Program at The University of Texas MD Anderson Cancer Center, joining in July 2023.

During her training, Dr. Braish plans to advance her knowledge of the biology of Leukemia and Leukemia management. She is interested in CHIP and CCUS, and the interplay between Leukemia precursors and the process of Inflammaging. Additionally, as a volunteer in ASC-CAN, she has a specific interest in healthcare disparities and promoting equity in cancer care.

Dr. Braish obtained her medical degree from Beirut Arab University, in Beirut Lebanon in 2017, and graduated with Distinction. She continued to pursue training at the American University of Beirut, in Beirut Lebanon and graduated in 2021. Dr. Braish then started her Internal Medicine training at the University of Connecticut in the US in 2021, where she was awarded "Intern of the Year" and was granted permission to graduated residency training in 2 years by the ABIM, graduating in June of 2023.

In her free time Dr Braish enjoys painting, road trips with loved ones, and landscape photography.
