MD Anderson Cancer Center’s Integrative Medicine Program Workshop

The Integrative Medicine Program Workshop is designed for healthcare professionals interested in learning more about integrative medicine in a comprehensive cancer center. The primary goal of the program is to expose the participant to key aspects of Integrative Oncology at The University of Texas MD Anderson Cancer Center.

- Learn tools to help you establish an integrative oncology program
- Gain key insights into our clinical programs and operations, research and education programs
- Meet and interact with program leaders and faculty
- Visit our integrative medicine center facilities, including our clinic and group programs activity area

Date: April 23rd – 24th, 2020
