

Directions to the Center for Advanced Biomedical Imaging (CABI)

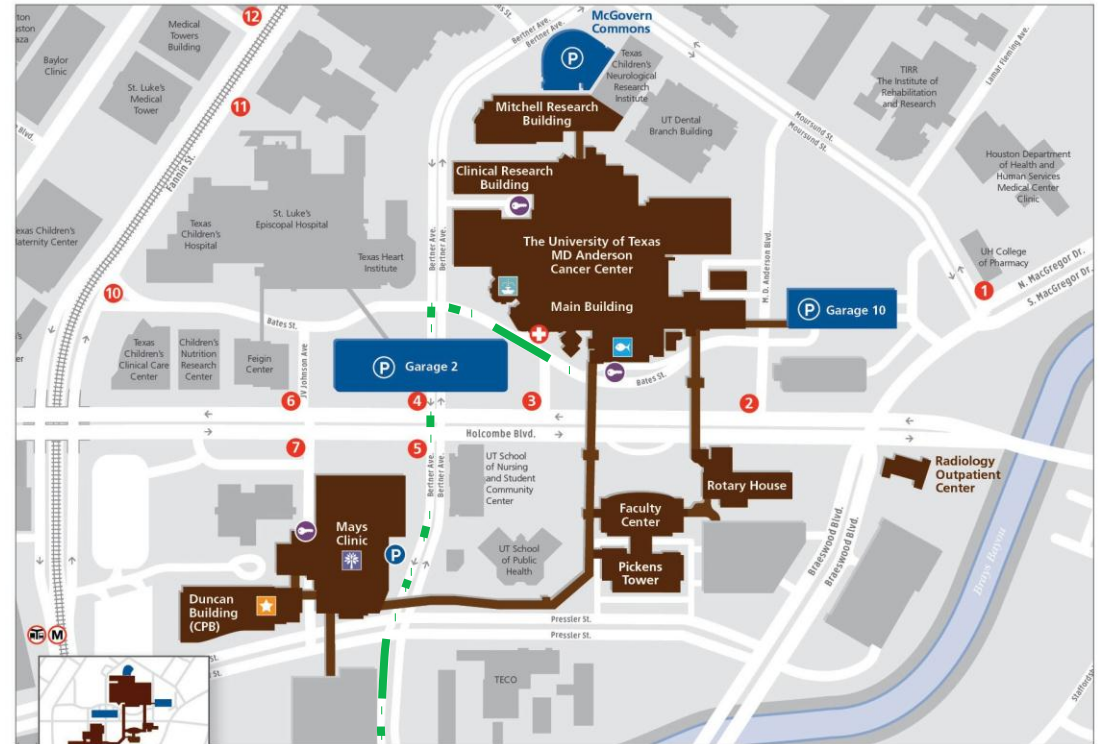

The Center for Advanced Biomedical Imaging (CABI) is located at 1881 East Road, about one and a half miles from the Main Building on MD Anderson's North Campus.

Drive south on Bertner Avenue, crossing Braeswood and Old Spanish Trail. The center is at the corner of Bertner Avenue and East Road. If you are traveling from an MD Anderson building and prefer not to drive, a patient shuttle is available from the valet area at the Mays or Clark Clinic. Alert the shuttle driver that you are going to the CABI.

When You Arrive

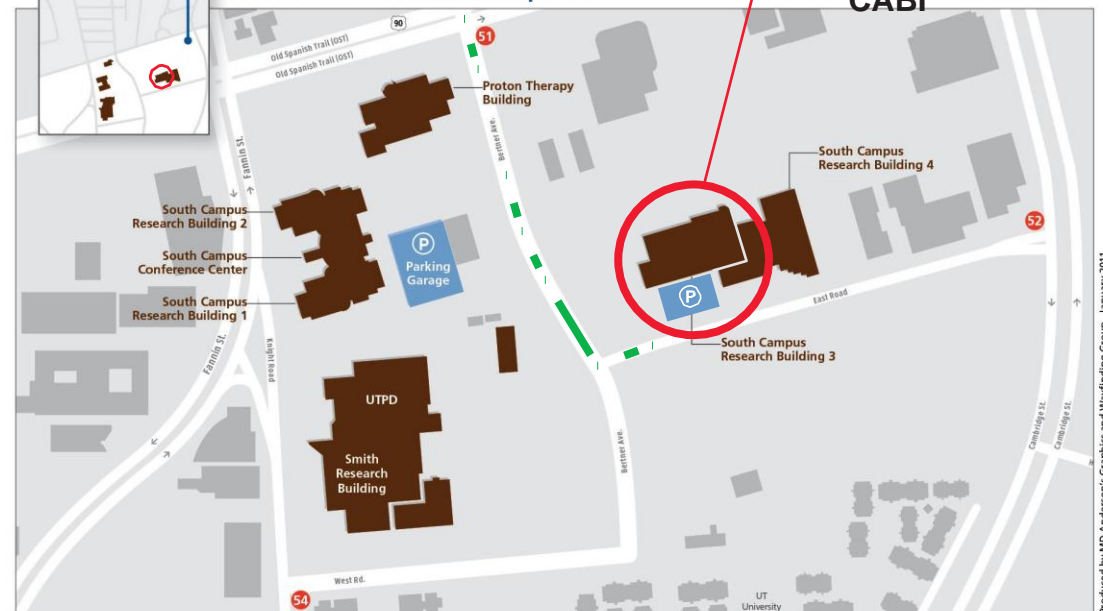

Free parking is in front of the building for patients having daily procedures. Please sign in with the attendant in the lobby, and record your space number and vehicle information. Please wait in the lobby, and a member of the CABI care team will greet you and take you to your appointment.
