

**Duncan Institute Executive Committee Membership** (as of 1/28/19)

The Duncan Family Institute for Cancer Prevention and Risk Assessment Executive Committee (DFI EC) provides oversight of the research and use of the philanthropic funds to ensure the excellence of the programs within the Duncan Family Institute. Members are the Vice President, Cancer Prevention and Population Sciences; the Deputy Division Head, Cancer Prevention and Population Sciences; the chairs of the five division of cancer prevention and population sciences departments; and the directors of the division's and institute's centers which are the Cancer Prevention Center, Behavioral Research and Treatment Center, Center for Energy Balance in Cancer Prevention and Survivorship and the Center for Community-Engaged Translational Research; and the Vice President, Health Policy. The Division of Cancer Prevention and Population Sciences Executive Director, Research Planning and Development, is a non-voting member. Special Representatives may be added to the DFI EC in a non-voting capacity at the recommendation of the DFI EC members. Changes to the membership of the DFI EC may be made at the recommendation of the DFI EC to the Vice President, Cancer Prevention and Population Sciences who has final authority regarding changes to DFI EC membership.
