

The James P. Allison Institute Next Gen Colloquium

Nov. 4-5, 2024 • Houston, TX

Join us for an exclusive two-day academic seminar for senior postdocs and instructors who are ready for a career as an independent investigator. This enriching experience will provide a unique platform to present and connect with world-renowned researchers.

5 reasons to attend

- 1. Meet James Allison, Ph.D., Padmanee Sharma, M.D., Ph.D., and other leading MD Anderson researchers**
2. Participate in networking roundtables and mentoring sessions
3. Attend a career development workshop
4. Learn more about the Allison Institute
5. Receive travel funding
