**Total  
Uncompensated Care**

- Notes:
- 1) County was determined by residence for hospital HAR posting an uncompensated care charge in each reported fiscal year. County of PRS-only patients was determined based on the zip code of the most recent professional invoice.
  - 2) UCC Costs calculated using Uncompensated Care Charges (Medicare, Medicaid & Charity) x RCC (based on Medicare Cost Report).
  - 3) The 'Out of State / Other' category includes patients from outside of Texas. The majority of these patients are Medicare, but many are also out-of-state Medicaid. Out of State category represents 22.3% of total unreimbursed cost.

**The University of Texas M.D. Anderson Cancer Center**  
**UCC Cost Analysis**  
**County Detail - FY21 Costs (Charges x RCC)**

Rank	Cnty Code	County <sup>(1)</sup>	Estimated UCC Costs <sup>(2)</sup> (Charges x RCC)	% of Total	Total UCC Payments <sup>(4)</sup>	Unreimbursed Costs (Est Cost - Payments)	% to Total Unreimb Cost "Texas"
------	-----------	-----------------------	---	------------	-----------------------------------	--	---------------------------------

4) Net collections are based on payments posted during the reported year, and correspond to a blend of service dates, the majority being in FY21. This "cash basis" reporting should be a fair approximation of a full year of payments on FY21 activities, given the lack of a full payment cycle for all FY21 activities.

5) Costs associated with our Pharmacy Assistance Program (PAP) for which we receive a rebate. The purpose is to offset charges for drug usage incurred by the institution from replenishment of drug stock.

Other funding streams include:

6) Medicare Settlement - estimated based on mid-year FY21 cost report estimates. Does not include the education portions, since those costs are not reflected in our Medicare RCC.

7) Medicaid Settlement - estimated settlement amount for Traditional and Managed Medicaid in FY21, which also corresponds to the accrual used in the institutions financial statement.
