Progress Report: Please update outcome and productivity of the first 5 years' NGS funded research (publications, meeting abstracts, grant awards, etc.). Please only include publications and submitted manuscripts that acknowledge the CPRIT grant RP120348 for which the progress report is being submitted.

Results/Data: An example of results/data that were included in any publications/submitted manuscripts. Give at least one example for each type of the NGS services you have utilized in the last 5 years. Attach as a pdf file and send with this application.

Abstract: Scientific rationale and relevance to cancer research.

Experimental Design:
