Making Cancer History®

GOAL This symposium aims to bring together a multidisciplinary team of plastic surgeons, hematopathologists, breast surgeons, oncologists, immunologists, and radiologists with experts from complementary disciplines to achieve an overall better understanding of the management of breast implant associated anaplastic large cell lymphoma (BIA-ALCL). Recent advances in biologic and immunotherapy specific to recognized actionable targets in BIA-ALCL tumors as well as chemotherapy and radiation therapy in advanced disease will be highlighted. Special sessions on difficult and interesting cases as well as challenging reconstructive cases of the chest wall and metastasis will focus on best practices through discussion of challenging cases by a multidisciplinary panel of experts. Didactic lectures, panel discussions, and discussion of different cases will provide opportunities for the participants to address practical management questions and concerns with experts in the field and the course faculty. The conference will begin with a half day dedicated to patient education which focuses on the fundamentals of the disease and utilizes patient advocate experts.

Educational Objectives

After attending the conference, participants should be able to

- Utilize surgical techniques for surgical management of BIA-ALCL chest wall tumors to improve patient outcomes (*Knowledge, Competence, Performance, Patient Outcomes*);
- Incorporate complex surgical techniques for reconstructing the breast and chest wall in the setting of adjuvant treatments (*Knowledge, Competence, Performance*);
- Advanced disease patients may be appropriate for combination chemotherapy regimens and targeted immune therapy (*Knowledge, Competence, Performance*);
- Utilize the information provided in the course to diagnose and surgically treat patients with BIA-ALCL (*Knowledge, Competence, Performance, Patient Outcomes*).

Educational Methods

- Lecture/Didactic
- Case Studies
- Panel Discussion
- Question and Answer Sessions

Target Audience

This conference is targeted for Physicians, Physician Scientists, Advanced Practice Providers, Nurses, Residents, Fellows, and Patients and diagnosed Patients

Evaluation

An online course evaluation tool will provide participants with the opportunity to comment on the value of the program content to their practice decisions, performance improvement activities, or the possible impact on patient health status. Participants will also have the opportunity to comment on any perceived commercial bias in the presentations as well as to identify future educational topics.

Accreditation/ Credit Designation

Physicians

The University of Texas MD Anderson Cancer Center is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The University of Texas MD Anderson Cancer Center designates this live activity for a maximum of 11.00 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Ethics

The session, [Exploring Surgeon Responsibility for Past and Future Patients](#), has been designated by The University of Texas MD Anderson Cancer Center for 0.25 *AMA PRA Category 1 Credits™* in medical ethics and/or professional responsibility.

CME Certificates and Attendance Verification Certificates

Certificates awarding *AMA PRA Category 1 Credit™* or certificates documenting attendance will be emailed when an individual completes the online CME Verification process.

Upon request, a record of attendance (certificate) will be provided via email to other health care professionals for requesting credits in accordance with state nursing boards, specialty societies, or other professional associations.
