

**MEN 2019: 16<sup>th</sup> International Workshop on Multiple Endocrine  
Neoplasia**  
***A Focus on New Concepts and Treatment of Malignant Manifestations***

**Tuesday, March 26**

**5:30 pm**                      Registration and Welcome Reception – Mays West Lobby

**Wednesday, March 27**

**7:00 am**                      Registration and Continental Breakfast

**8:00**                          **Welcome and Opening Remarks**

**Medullary Thyroid Cancer**

**8:30**                          **State of Science with MTC**

**8:50**                          **Tumor Heterogeneity and Mechanisms of Resistance**

**9:10**                          **Targets Beyond RET**

**9:30**                          **Emerging Therapies in Clinical Trials and Future Trial Development**

**9:50**                          **The Role of Liquid Biopsies**

**10:10**                        **Multi-Institutional Registries and Patient-Related Outcomes**

**10:30**                        **Poster Preview Presentations- 3 at 5 minutes a piece**

**10:45**                        Break and Poster Viewing

**11:30**                        **Plenary Session: Systemic Therapy Trial Designs for Rare Diseases**

**12:15**                        Lunch (provided)- **Working Lunch in Workshop groups**

**12:15 pm – 2:30 pm**      **Disease Site Working Groups**

- Medullary Thyroid Cancer
- Pancreatic Neuroendocrine Tumors (PNET)
- Parathyroid Cancer
- Malignant Pheochromocytoma/Paraganglioma

**2:30**                          Break and Poster Viewing

## **Pancreatic Neuroendocrine Tumors**

3:00	<b>State of Science with PNET</b>
3:20	<b>Emerging Therapies and Epigenetics</b>
3:40	<b>Menin and Telomeres in PNET</b>
4:00	<b>Observational Studies of Tumor Growth</b>
4:20	<b>Perioperative Clinical Trials</b>
4:40	<b>Clinical Trial Designs and Immuno-Oncology</b>
5:00 pm	Adjourn

## **Thursday, March 28**

7:00 am	Registration and Continental Breakfast
8:00	<b>Welcome and Opening Remarks</b>

## **Malignant Pheochromocytoma and Paranganglioma**

8:10	<b>State of Science with Malignant Pheo/PGL</b>
8:30	<b>Radiopharmaceuticals, Tyrosine Kinase Inhibitors and Immunotherapy for Patients with Malignant Pheochromocytoma and Paranganglioma</b>
8:50	<b>Pseudohypoxia as a Therapeutic Target. Lessons from Clusters One and Two</b>
9:10	<b>Epigenetic Characteristics of Paranganglioma Syndrome Type 4</b>
9:30	<b>Enabling Replicative Immortality in Pheochromocytoma and Paranganglioma</b>
10:00	<b>Poster Preview Presentations- 3 at 5 minutes a piece</b>
10:15	Break and Poster Viewing
10:45	<b>Plenary Session: Topic TBD</b>
11:30	Lunch (provided) - <b>Working Lunch in Workshop groups</b>
11:30 pm – 1:45 pm	<b>Disease Site Working Groups</b> <ul style="list-style-type: none"><li>• Medullary Thyroid Cancer</li><li>• PNET</li><li>• Parathyroid Cancer</li><li>• Malignant Pheochromocytoma/Paranganglioma</li></ul>
1:45	Break/Poster Viewing

## **Parathyroid Cancers**

2:15	<b>State of Science of Parathyroid Cancer</b>
2:35	<b>Emerging Therapies and Immuno-Oncology</b>
2:55	<b>Evolutionary Action Modeling and WGS</b>
3:15	<b>Targeted Therapies</b>
3:35	<b>Clinical Trial Designs</b>
4:00 pm	Adjourn

## **Friday, March 29**

7:00 am	Registration and Continental Breakfast
8:00	Welcome

## **Pituitary, Adrenal Cortex and Adrenocortical Tumors**

8:10	<b>Aggressive Pituitary Tumors: An Update on Pathologic Features and Genomics</b>
8:25	<b>What is New In FIPA?</b>
8:40	<b>X-LAG: An Update</b>
8:55	<b>Adrenocortical Tumors: Novel Insights into Pathogenesis Malignant Adrenocortical Tumors</b>
9:10	<b>Benign Adrenocortical Tumors</b>
9:25	<b>VHL as a Paradigm for the Simultaneous Treatment of Multiple Hereditary Tumors</b>
9:40	<b>VHL and Pancreatic NETs: An Update</b>
10:30	Break
10:45	<b>Summary of Working Groups</b>
12:00 pm	Adjourn
