THE UNIVERSITY OF TEXAS
MD Anderson
~~Cancer~~ Center

Goal

The goal of this international symposium is to share the pioneering advances from world leaders in HPB surgery, in order to teach participants how technology and oncology can be used together to improve short-term surgical outcomes and long-term cancer-related outcomes. Included will be focused didactic sessions from world experts on HPB surgical oncology as well as practical sessions for practicing surgeons who treat and operate on HPB cancer patients.

Educational Objectives

After attending the course, participants should be able to

- Lead tumor board discussions on treatment decision-making for complex liver tumor cases (*Knowledge*);
- Improve patient short- and long-term outcomes using knowledge gained from didactic portions of symposium (*Knowledge, Competence, Performance, Patient Outcomes*);
- Improve surgical techniques using knowledge gained from videos and case reviews to improve short-term surgical outcomes and long-term cancer-related outcomes (*Knowledge, Competence, Performance, Patient Outcomes*).

Target Audience

The target audience includes practicing surgeons who treat and operate upon HPB cancer patients.

Educational Methods

Lectures – Skills-Based Training – Case Studies – Panel Discussions -
Questions and Answers – Simulation – Hands-on Workshop

Evaluation

A course evaluation form will provide participants with the opportunity to comment on the value of the program content to their practice decisions, performance improvement activities, or possible impact on patient health status. Participants will also have the opportunity to comment on any perceived commercial bias in the presentations as well as to identify future educational topics.

Accreditation/Credit Designation

The University of Texas MD Anderson Cancer Center is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The University of Texas MD Anderson Cancer Center designates this live activity for a maximum of *19.00 AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

CME Certificates and Attendance Verification Certificates

Certificates awarding *AMA PRA Category 1 Credit™* or certificates documenting attendance will be e-mailed when an individual completes the on-line CME Verification process after the symposium.

Scientific Abstract Competition

We invite participants to submit scientific abstracts for oral, poster, or video presentation. Abstracts should be formatted as a Word document (.docx), include all authors with affiliations and email addresses, and be limited to 350 words. Videos should be limited to 8 minutes and have an accompanying written abstract. Abstracts from previous conferences in the past 12 months are allowed. Awards will be given to the best oral/video and poster presentations. Abstracts should be emailed to Yoshikuni Kawaguchi, MD YKawaguchi@mdanderson.org by December 7. **Notification of acceptance will be on or before Dec. 14.**

Porcine Lab at Methodist Institute for Technology Innovation and Education

Hands-on porcine lab showcasing many contemporary technologies for liver surgery. Participants will rotate through a series of stations which highlight laparoscopic and robotic surgery, multiple energy devices, advanced camera (3-D) technology with fluorescence, ablation and electroporation techniques, new hemostatic agents, intraoperative ultrasound guidance and MD Anderson's open "two-surgeon technique" and "air cholangiogram". Course faculty will lead each station. Take advantage of this unique opportunity to practice with new technologies and learn from internationally recognized faculty in a relaxed learning environment.

Adjourn

The University of Texas MD Anderson Cancer Center has implemented a process whereby everyone who is in a position to control the content of an educational activity must disclose all relevant financial relationships with any commercial interest that could potentially affect the information presented. MD Anderson also requires that all faculty disclose any unlabeled use or investigational use (not yet approved for any purpose) of pharmaceutical and medical device products. Specific disclosure will be made to the participants prior to the educational activity.

Agendas are subject to change because we are always striving to improve the quality of your educational experience. MD Anderson may substitute faculty with comparable expertise on rare occasions necessitated by illness, scheduling conflicts, and so forth.

Photographing, audio taping and videotaping are prohibited.

Registration Information

On-site registration for the Eastern and Western Association of Liver Tumors (EWALT) 2019 Symposium will be open at 8:00 a.m. on Thursday, February 7, 2019. The course will begin at 9:00 a.m. on Thursday, February 7 and will end at 1:30 p.m. on Saturday, February 9.

Advanced registration is encouraged as space and materials are limited. Please see registration form for applicable fees.

The deadline for advanced registration is January 25, 2019.

There are three ways to register:

1. On-line at www.mdanderson.org/conferences
2. Fax to: 713-794-1724
3. Mail to: CME/Conference Management – Unit 1781, The University of Texas MD Anderson Cancer Center, P.O. Box 301407, Houston, TX 77230-1407

We accept the following forms of payment:

1. Check (payable through U.S. banks only)
2. Money Order
3. Credit Cards (MasterCard, VISA, and American Express)
4. Cash (on-site only)

If you register on-line, a receipt/confirmation letter will be automatically e-mailed to the e-mail address you list on the registration form. If you register by fax or mail, a receipt/confirmation letter will be sent to you within ten working days of the receipt of your fee.

The full conference registration fee includes the tuition, breaks, lunches, and evening functions.

Refund/Cancellation Policy: The registration fee, minus a \$50 administrative handling fee, is refundable if a written request is received on or before January 25, 2019. No refunds will be granted after that date. The request for a registration refund must include the tax identification number of the company or institution if registration was paid by a company or institution check.

CME/Conference Management reserves the right to cancel activities prior to the scheduled date, if low enrollment or other circumstances make it necessary. Each registrant will be notified by mail, e-mail, or the contact numbers as given on the registration form.

In case of activity cancellation, liability of CME/Conference Management is limited to the registration fee. CME/Conference Management will refund the full registration fee. CME/Conference Management reserves the right to limit the number of participants in a program and is not responsible for any expenses incurred by an individual whose registration is not confirmed and for whom space is not available.

For additional information, contact CME/Conference Management at 713-792-2223 or toll free at 866-849-5866.

Special Assistance

Contact CME/Conference Management at 713-792-2223 or toll free at 866-849-5866 if you have any special dietary or ADA accommodation needs.
