NETWORK SYMPOSIUM

Clinical Program:
A MULTIDISCIPLINARY APPROACH TO
INDIVIDUALIZED PATIENT CARE

Nursing Excellence:
NAVIGATING THE CHANGING LANDSCAPE
OF ONCOLOGY NURSING

OCTOBER 12-13, 2019

Program Chair
Jeffrey E. Lee, MD
Professor and Chair
Surgical Oncology
**Symposium Highlights**

**SATURDAY, OCTOBER 12**

5:30 PM

Katy Rezvani, MD, PhD
Professor
Stem Cell Transplantation

**SUNDAY, OCTOBER 13**

7:00 AM

Jennifer L. McQuade, MD
Assistant Professor
Melanoma Medical Oncology

**SATURDAY, OCTOBER 12**

6:00 PM

Scott Kopetz, MD, PhD
Associate Professor
Gastrointestinal Medical Oncology

**SUNDAY, OCTOBER 13**

12:35 PM

Funda Meric-Bernstam, MD
Professor and Chair
Investigational Cancer Therapeutics

**CAR NK Cell Therapy**

**The Promise of Liquid Biopsy in Cancer Care**

**The Role of the Microbiome in the Response to Immunotherapy**

**Emerging Actionable Genomic Alterations**
Clinical Program:

A MULTIDISCIPLINARY APPROACH TO INDIVIDUALIZED PATIENT CARE

Goal

A multidisciplinary approach in the treatment of patients diagnosed with cancer has been the key for delivering high quality care. A tsunami created by rapidly expanding knowledge in tumor molecular biology and immunology, moreover, new molecular approaches have enabled the development of therapeutics that target specific oncogenic mutations and immune checkpoints. This constant evolution has maintained a dynamic relationship with the disciplines - surgery, radiation therapy and medical oncology- modulating the approach to provide individualized patient care. The advances and emerging data is much needed in community settings in order to deliver quality care and to improve patient outcomes.

Educational Objectives

After attending the symposium, participants should be able to

- Provide a multidisciplinary approach in the management of melanoma patients (Knowledge, Competence);

- Implement new practice changes in breast cancer treatment involving fields that will positively influence patient outcomes in terms of quality of life and survival (Knowledge, Competence, Performance, Patient Outcomes);

- Select the best strategies in the surgical management of gynecologic malignancies to enhance post-op recovery, reduce morbidity and lead to better quality of life and outcomes (Knowledge, Competence, Performance, Patient Outcomes);

- Select the most appropriate gastrointestinal treatment option/modality (Knowledge, Competence);
• Utilize new management methods for genitourinary cancers (*Knowledge, Competence, Performance*);

• Utilize a multidisciplinary approach and targeted treatment strategies in the management of thyroid cancer (*Knowledge, Competence, Performance*);

• Understand molecular biology and immunology of brain metastases to utilize the most effective systemic treatments, targeted therapies, checkpoint inhibitors, neurosurgical procedures and radiation (*Knowledge*);

• Assess treatment guidelines, goals, monitoring tools and treatment approaches in care of hematologic malignancies (*Knowledge, Competence*);

• Select patients and identify the appropriate class of agents in the treatment of metastatic NSCLC and select local modalities of treatment for oligometastatic disease (*Knowledge, Competence*);

• Appreciate the role of salvage surgery in the management of esophageal cancer (*Knowledge*);

• Appreciate the future status of CAR NK Cells, liquid biopsies, microbiome and emerging actionable mutations. (*Knowledge*).

**Target Audience**

This symposium will be beneficial to Medical Oncologists, Surgical Oncologists, Radiation Oncologists, General Surgeons, Internists, Researchers, Physician Assistants, Oncology Nurses and Advanced Practice Nurses.

**Educational Methods**

Lecture/Didactic – Case Study – Audience Response System- Question/Answer Sessions – Panel Discussion

**Evaluation**

A course evaluation survey will provide participants with the opportunity to comment on the value of the program content to their practice decisions, performance improvement activities, or possible impact on patient health status. Participants will also have the opportunity to comment on any perceived commercial bias in the presentations as well as to identify future educational topics.

**Accreditation / Credit Designation**

The University of Texas MD Anderson Cancer Center is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The University of Texas MD Anderson Cancer Center designates this live activity for a maximum of 17.00 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

**Ethics Credits**

The presentation, *Increasing HPV Vaccine Confidence and Understanding HPV Vaccine Efficacy and Indications*, has been designated by The University of Texas MD Anderson Cancer Center for a total of .25 *AMA PRA Category Credits™* in medical ethics and/or professional responsibility.
ABIM Maintenance of Certification

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 17 Medical Knowledge MOC points in the American Board of Internal Medicine’s (ABIM) Maintenance of Certification (MOC) program. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider’s responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit.

Participant completion data will be shared with and transmitted to the ACCME on the participant’s behalf.

In order to receive MOC points, you must pass the post-test with a score of 75% or higher.

American Board of Surgery (ABS) MOC Part II Credit

This live activity is approved for AMA PRA Category 1 Credits™ and has met the American Board of Surgery (ABS) requirements. Successful completion of this CME activity, which includes participation in the self-assessment component, enables the participant to earn self-assessment credits toward Part 2 of the ABS MOC Program.

In order to receive MOC points, you must pass the post-test with a score of 75% or higher.

CME Certificates and Attendance Verification Certificates

Certificates awarding AMA PRA Category 1 Credit™ or certificates documenting attendance will be emailed when an individual completes the online CME Verification process after the conference.

### Agenda

**Clinical Program:**
A Multidisciplinary Approach to Individualized Patient Care

#### 6:30am
**Registration and Continental Breakfast**

#### 7:00
**Welcome**
Jeffery E. Lee, MD

#### 7:05
**The University of Texas MD Anderson Cancer Center Greeting**
Peter WT Pisters, MD

---

### Melanoma

**Emerging Approaches in the Management of Melanoma**
Session Chair: Hussein A. Tawbi, MD, PhD

#### 7:10
**Session Introduction**
Hussein A. Tawbi, MD, PhD

#### 7:20
**Neoadjuvant Targeted and Checkpoint Therapy of Melanoma**
Rodabe N. Amaria, MD

#### 7:40
**Identifying and Overcoming Resistance to Melanoma Systemic Therapy**
Michael A. Davies, MD, PhD

#### 8:00
**Personalized Melanoma Surgery in the Modern Era: What are the Roles of SLNB and LND?**
Jeffrey E. Gershenwald, MD

#### 8:20
**Cases**
Moderator: Emily Z. Keung, MD

#### 8:50
**Break**

---

### Breast

**Individualizing Multidisciplinary Breast Cancer Care**
Session Chair: Henry M. Kuerer, MD, PhD

#### 9:00
**Session Introduction**
Henry M. Kuerer, MD, PhD
### Integrating Breast Reconstructive Surgery when Post-Mastectomy Radiotherapy is Indicated
Mark V. Schaverien, MD

### Updates on PARP Inhibitors and Immunotherapy for Breast Cancer
Bora Lim, MD

### Targeted Axillary Dissection (TAD) and Surgical Management of the Axilla after Neoadjuvant Therapy
Abigail S. Caudle, MD

### Advances in the Management of HER-2 Positive Breast Cancer
Vicente Valero, MD

### Cases
Moderator: Rosa F. Hwang, MD

### Lunch (provided)

---

### Gynecologic Oncology

#### Innovations and Controversies in Gynecologic Oncology

Session Chair: Amir A. Jazaeri, MD

The University of Texas MD Anderson Cancer Center has implemented a process whereby everyone who is in a position to control the content of an educational activity must disclose all relevant financial relationships with any commercial interest that could potentially affect the information presented. MD Anderson also requires that all faculty disclose any unlabeled use or investigational use (not yet approved for any purpose) of pharmaceutical and medical device products. Specific disclosure will be made to the participants prior to the educational activity.

Agendas are subject to change because we are always striving to improve the quality of your educational experience. MD Anderson may substitute faculty with comparable expertise on rare occasions necessitated by illness, schedule conflicts, and so forth.

Photographing, audio taping and videotaping are prohibited.

Nursing Excellence:
NAVIGATING THE CHANGING LANDSCAPE OF ONCOLOGY NURSING

Goal
The Nursing Excellence program focuses on current clinical topics across the continuum of oncology care. After attending this educational activity, the registered nurse will self-report an understanding of patient navigation practices in oncology, principles of cancer genetics and appropriate risk assessment, administration and management of immunotherapy and biosimilars, best practices in cancer care, ethical considerations in oncology, oncologic emergencies management, updates in head and neck cancer treatment, and the use of integrative medicine in oncology. The program will provide an opportunity to collaborate with MD Anderson Cancer Network and national colleagues and the potential to earn up to 13.75 nursing contact hours.

The University of Texas MD Anderson Cancer Center is an approved provider with commendation of continuing nursing education by the Texas Nurses Association – Approver, an accredited approver with distinction, by the American Nurses Credentialing Center’s Commission on Accreditation.

Nurses may earn up to 13.75 contact hours for both days.

Nursing Excellence: Navigating The Changing Landscape of Oncology Nursing
Registration Information

On-site registration opens at 6:30 am on Saturday, October 12, 2019. The opening session of the symposium will begin at 7:00 am and the opening session of Nursing Excellence will begin at 7:15 am.

Advanced registration is encouraged as space and materials are limited. Please see registration form for applicable fees.

The deadline for advanced registration is Friday, September 20, 2019.

Please visit www.mdanderson.org/conferences to register.

A receipt and confirmation letter will be sent to you within ten working days of receipt of your fee.

The full conference registration fee includes tuition, continental breakfasts, breaks, lunches, and welcome reception.

Refund / Cancellation Policy

The registration fee, minus a $50 administrative handling fee, is refundable if a written request is received on or before September 20, 2019. No refunds will be granted after that date. The request for a registration refund must include the tax identification number of the company or institution if registration was paid by a company or institution check.

CME/Conference Management reserves the right to cancel activities prior to the scheduled date, if low enrollment or other circumstances make it necessary. Each registrant will be notified by mail, e-mail, or at the phone or fax numbers given on the registration form.
In case of activity cancellation, liability of CME/Conference Management is limited to the registration fee. CME/Conference Management will refund the full registration fee. CME/Conference Management reserves the right to limit the number of participants in a program and is not responsible for any expenses incurred by an individual whose registration is not confirmed and for whom space is not available.

For additional information, contact CME/Conference Management at 713-792-2223 or toll free at 866-849-5866.

**Special Assistance**

Contact CME/Conference Management at 713-792-2223 or toll free at 866-849-5866 if you have any special dietary or ADA accommodation needs.

**Accommodations**

- A block of rooms has been reserved for symposium attendees at **Marriott Marquis Houston, 1777 Walker Street, Houston, Texas.**
- Early hotel reservation is suggested.
- The hotel phone number is 713-654-1777
- When you make reservations be sure to mention the **MD Anderson Cancer Network Symposium** to be assured of receiving the special meeting rate of $249.00/night. Please add 17% Texas state and local taxes.
- Reservations and deposits received after September 12, 2019 will be confirmed if space is available and at current hotel published guest room rates.

**Ground Transportation**

(Prices are subject to change and variable depending on location of conference)

- Houston is served by two airports, George Bush Intercontinental (IAH) and William P. Hobby (HOU). The following forms of ground transportation are available to and from both airports:
  - Uber or Lyft
  - Yellow Cab- 713.236.1111
  - Super Shuttle: For more information, call toll free at 800.258.3826 or visit [www.supershuttle.com](http://www.supershuttle.com)

*Please let us know what specific topics, issues or questions you wish to see addressed or emphasized in this activity. Fax or e-mail CME/Conference Management. All responses will be forwarded to the Program Chair for consideration.*
