ORAL ONCOLOGY SYMPOSIUM

Goal

The goal of this symposium is to improve recognition, which will lead to early detection and improve outcomes. Improved management of cancer related symptoms can lead to improved treatment compliance, patient comfort and quality of life.

This Symposium is intended for healthcare professionals. These individuals are in a unique situation where they can detect oral and head and neck cancers. Dentists often have limited experience in diagnosing head and neck malignancies or detecting the signs. Also, dental professions are typically untrained and apprehensive about dental treatment for patients with cancer. Currently, many dental practices are focused on cosmetics and esthetics. This Symposium will redirect their focus and enhance their knowledge on detection, treatment, and management of the cancer patient. The Symposium aims to improve the recognition of the presenting signs of head and neck cancer, and encourage timely referrals for biopsy and treatment. It will also teach the dentists to improve the management of oral symptoms related to multiple cancer therapies, and be aware of the difficulties that treatment may create.

Educational Objectives

After attending this Symposium, participants should be able to:

- Identify fundamentals of major therapies for head and neck cancer (*Knowledge*)
- Evaluate head and neck cancer patients with a complete oral diagnostic and radiographic workup, resulting in early diagnosis and more appropriate treatment (*Knowledge, Competence, Performance, Patient Outcomes*)

Call for Abstracts

Deadline for abstract submissions is Tuesday, March 31, 2020.

Submit abstracts for poster presentation to: oraloncologyabstract@mdanderson.org

Oral Oncology, Maxillofacial Prosthetics, Oral Medicine, and Oral Cancer Research are acceptable. All abstract submitters should be prepared to present their work as a poster.

Abstract Formatting Instructions

Limit poster abstracts to one page, typed single-spaced on plain 8.5 x 11 inch paper. Organize the abstract into Purpose, Methods, Results, and Conclusions. All abbreviations or acronyms should be spelled out the first time they are used. Provide three to five keywords describing the nature and content of the abstract. Please include the name of the conference, title of your presentation, author's full name, highest degree, and institutional affiliation. Also please include author's telephone, fax, and email information.

Registration for the conference must be submitted at the same time as the abstract. Register at www.mdanderson.org/conferences.

Abstract and Poster Notification Dates

The conference committee will select abstracts for poster presentations based on the scientific merit and the quality of the content. Abstracts that are not submitted in the format above will not be accepted. Abstracts will not be edited.

The first author of the abstract will receive an email by Monday, April 6, 2020 confirming that the abstract was received. Notification of acceptance for poster presentations with directives and poster size will be acknowledged by Monday, April 20, 2020 via email.

Freestanding 4 ft. x 8 ft. display boards and pushpins will be provided for the poster session. An award for the best two posters will be presented.

The information contained in this e-mail message may be privileged, confidential, and/or protected from disclosure. This e-mail message may contain protected health information (PHI); dissemination of PHI should comply with applicable federal and state laws. - Discuss key issues with the patient's oncology team to ensure both local and systemic control of symptoms (*Knowledge, Competence, Performance, Patient Outcomes*)
- Define and implement a "multidisciplinary approach" in the treatment of head and neck cancer patients to improve dental management in the oncology patient (*Knowledge, Competence, Performance, Patient Outcomes*)
- Identify and implement management strategies of primary oral sequela and secondary mucosal disorders of cancer therapy, which will result in improved treatment, compliance, patient comfort and quality of life (*Knowledge, Competence, Performance, Patient Outcomes*)
- Summarize the phases of prosthetic rehabilitation of the head and neck cancer patient and recognize key elements of fabricating maxillofacial prostheses (*Knowledge*)
- Facilitate speech, swallowing, functional rehabilitation and nutritional counseling in head and neck cancer patients, resulting in improved functional outcomes (*Knowledge, Competence, Performance, Patient Outcomes*); and
- Evaluate and treat infectious complications in cancer patients and manage the pain and symptoms, improving patient comfort and quality of life (*Knowledge, Competence, Performance, Patient Outcomes*).

Target Audience

This conference should be of value to dentists, physicians, otolaryngologists, nurses, dental/otolaryngology fellows, residents, students, dental and medical staff.

Educational Methods

- Lectures
- Questions and Answers Session
- Case Presentations
- Panel Discussions
- Posters Session and Presentations

Evaluation

A conference evaluation link will be included in the final program. This online survey will provide participants with the opportunity to comment on the value of the program content to their practice decisions, performance improvement activities, or possible impact on patient health status. Participants will also have the opportunity to comment on any perceived commercial bias in the presentations as well as to identify future educational topics.

CME Certificates and Attendance Verification Certificates

Certificates awarding *AMA PRA Category 1 Credits™* or certificates documenting attendance will be emailed when an individual completes the online CME Verification process and evaluation. To obtain a CME certificate, physicians must complete the on-line evaluation questionnaire and CME Verification Form.

A record of attendance (certificate) will be available online to other health care professionals for requesting credits in accordance with state nursing boards, specialty societies, or other professional associations.
