

# Project ECHO: Cervical Cancer Prevention

## MCON 1363

### EDUCATIONAL OBJECTIVES

At the conclusion of this educational activity, the participant should be able to:

- Implement best practice patient screening procedures and follow up for various cervical dysplasia conditions (*Knowledge, Competence, Performance, Patient Outcomes*)
- Demonstrate understanding of limitations and complications related to LEEP procedure and indications for other procedures related to cervical pathology findings (*Knowledge, Competence, Performance*)
- Demonstrate and identify cervical dysplasia conditions through colposcopy (*Knowledge, Competence, Performance*).
- Provide patient/family education regarding HPV vaccination (*Knowledge, Competence, Performance*).

### TARGET AUDIENCE

This live activity will be of value to all Physicians, Physician Assistants and nurses. OB-GYN, Family-Practice, Internal Medicine. Other providers: NPs, RNs, PAs, Community Health Workers.

### Educational Methods

Lecture · Case Study · Question-and-answer sessions

### Evaluation

A course evaluation form will provide participants with the opportunity to comment on the value of the program content to their practice decisions, performance improvement activities, or possible impact on patient health status. Participants will also have the opportunity to comment on any perceived commercial bias in the presentations as well as to identify future educational topics.

### ACCREDITATION/CREDIT DESIGNATION

The University of Texas MD Anderson Cancer Center is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The University of Texas MD Anderson Cancer Center designates this live activity for a maximum of 1.00 *AMA PRA Category 1 Credit*<sup>™</sup>. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

### CME CERTIFICATES AND ATTENDANCE CERTIFICATES

Certificates awarding *AMA PRA Category 1 Credit*<sup>™</sup> or certificates documenting attendance will be issued to participants when an individual completes the *CME Verification Form* via the Cervical Cancer Prevention Survey. The survey link will be sent via email and will be valid for 7 days after the webcast has taken place.

Non-Physicians will receive a certificate of participation in accordance with state nursing boards, specialty societies, or other professional associations.
