

Organizing your medical records

Please bring the following information to your first appointment:

- Any additional medical records that have not been given to your center. This includes films or DICOM CDs from CT scans, MRIs, PET scans, bone scans, ultrasounds, pathology slides or X-rays. If you have questions about what to bring, ask your patient access representative.
- One valid photo identification (driver's license, state ID, military ID or passport)
- Current insurance card(s)
- A list of your current physicians with addresses and phone numbers**
- Medicines you are taking. It is helpful for your doctor to review information on the container.
- A detailed list of your medicines, including:
 - why you take them
 - dose amount
 - how often you take them.
- Bring your pharmacy's contact information.
- A list of your allergies
- Medical Power of Attorney and Living Will, if completed. [Learn more about Advance Care Planning](#) and the important process of talking about your goals and wishes in terms of your health care.
- Any additional information your Patient Access Specialist has asked you to bring

If you have questions, please call your askMDAnderson at 877-632-6789.
