MD Anderson offers group classes supporting all areas of health, including the mind, body and spirit. Classes are free and open to patients, family members and caregivers.

### EDUCATIONAL CLASSES

**Bowel Management**  
Learn how the bowel works and what you can do to feel more comfortable. Topics include constipation, diarrhea and managing bowel function.

**Cancer-related Fatigue**  
Tired of being tired? Get support to help you fight fatigue.

**Central Venous Catheter (CVC) Care**  
This class focuses on home care of the central venous catheter. Learn how to clean and care for the CVC properly.

**Cooking for Optimal Health**  
Learn from a dietitian how to prepare nutritious meals. You will have the chance to enjoy samples. Recipes will have a different theme each month.

**Implanted Venous Port**  
Learn about the implanted port and how to care for it. Individual appointments are required. See page 4.

**New Patient/Family Orientation**  
Learn about MD Anderson’s programs, resources and services, including information about clinical trials.

**Lunch & Learn**  
Formerly known as PIKNIC, learn about issues relevant to cancer from MD Anderson experts in this informal educational forum held the second and third Tuesdays of the month.

**Care 4 the Caregiver**  
All caregivers are welcome to this support group, which offers coping skills and self-care tips.

### MINDFULNESS SESSIONS

**Laughter for Health Yoga**  
This class blends deep breathing, stretching and simulated laughter exercises to help reduce stress, depression and more. Please bring a bottle of water to class.

**Meditation for Daily Life**  
Practice different types of meditation and learn how it can help reduce stress.

**Meditation for Health**  
Access a deeper awareness through connecting your mind, body and heart through breath, sound and movement practices.

**Qigong**  
Experience this ancient Chinese system of self-care using meditation, breath and movement.

### PHYSICAL ACTIVITY CLASSES

**Get Moving with Yoga, Dance and Martial Arts**  
Recharge and energize with uplifting music and a blend of yoga, dance and martial arts.

**Shape-Up Circuit**  
Led by a physical therapist, this class follows a circuit format, with different strength and cardiovascular exercises at each station. Suitable for any fitness level. Please bring water.

**Tai Chi**  
Find balance and strength through continuous flowing movements that link mind to body.

**Yoga for Health**  
A beginning/intermediate level yoga class focusing on stretching, breathing and relaxation.

### RELAXATION

**Brief Relaxation Massages**  
Experience a relaxing brief upper body massage. These chair massages are generously funded by Angie’s Spa.
