

# Leukemia Fellowship Program

## Class of 2023-2024

---

### **Emmanuel Almanza-Huante, MD**

Clinical Fellow

MD Anderson Cancer Center Leukemia Fellowship Program  
**2022-2024**

**Emmanuel Almanza-Huante, MD** is a second Fellow in The Leukemia Fellowship Program at The University of Texas MD Anderson Cancer Center, Department of Leukemia, joining in July 2022. He plans to improve the quality of care given to leukemia patients and be part of a greater cause, developing better and more accessible treatments through a deeper understanding of the disease particularly in Acute Leukemias and Myelodysplastic Syndrome.

Dr. Almanza-Huante obtained his MD degree from the Universidad Autónoma de Aguascalientes, Aguascalientes, Mexico in 2014, with honors where he received the title “University counselor” in 2011. Dr. Almanza-Huante completed 2 years of Internal Medicine residency training at Hospital Central “Dr. Ignacio Morones Prieto” in San Luis Potosí, Mexico. During his residency he was deeply involved in the Hematology clinic.

Prior to joining the Leukemia fellowship program, Dr. Almanza-Huante completed a Hematology fellowship at Instituto Nacional de Cancerología, Mexico City in 2020. During his fellowship he was deeply involved in the Acute Lymphoblastic Leukemia clinic, particularly in research, part of his thesis was published in the “Clinical Myeloma Lymphoma and Leukemia” Journal in 2020. He is part of the “Grupo de Trabajo en Leucemias Agudas (GTLA)” from Mexico, an organization created recently to improve the academy and research in Leukemia and Myelodysplastic Syndrome along Latin-American countries.

Dr. Almanza-Huante is fluent in Spanish, plays soccer, loves scuba diving, enjoys reading historic novels and likes to travel when possible.
