Investigation and Remediation

Institutional Compliance investigations are conducted under, and therefore protected by, one or more of the following: Texas Rule of Evidence 503 (the lawyer-client privilege), Texas Education Code §51.971 (institutions of higher education conducting compliance program investigations), and/or Texas Health and Safety Code §161.032(b)(1), (c), and (e) (Medical Committees and compliance [officer](#) privileges).

The CCEO, with support from legal counsel and the EICC, addresses any violation of the laws, regulations, and institutional policies and procedures applicable to governmental compliance. Whenever a compliance concern has been raised through MD Anderson's Compliance Hotline, direct contact, a third-party, or any other channel, and a preliminary assessment suggests that an investigation is warranted, the CCEO will initiate a compliance investigation to determine the facts and circumstances of the potential violation. Compliance investigations are confidential and will involve only those individuals necessary to resolve a fact or issue. Barring exceptional circumstances, the CCEO does not apprise complainants or reporters of the status of investigations.

The CCEO may accept a previously conducted investigation if such investigation was conducted with knowledge and approval of the CCEO. Compliance investigations will be performed with the assistance of legal counsel and MD Anderson subject matter experts, as needed, and will be reported immediately and confidentially to the EICC, as appropriate. If the CCEO believes the integrity of an investigation is at stake, the appropriate workforce member(s) may be removed from duty until the investigation is completed. The CCEO ensures that steps are taken to prevent destruction of documents or other evidence.

The CCEO promptly and fully investigates all reports professionally and without prejudice. Consultations follow with the appropriate division head(s), department chair(s), manager(s), and/or workforce member(s), as appropriate.

The CCEO ensures that all those interviewed as part of the investigative process are entitled to have a representative/advocate present during their interview. However, an interviewee's representative or advocate is not permitted to steer, coach, or rehabilitate the interviewee's responses or otherwise compromise the integrity of the interview. Any such attempts to compromise the integrity of the interview may be considered noncooperation. The interviewee will be provided with a copy of MD Anderson's Non-Retaliation Policy (MD Anderson Institutional Policy #ADM0254) and apprised of the ramifications of, as a consequence of the interview, engaging in conduct implicated by the Policy.

If an investigation indicates that corrective action is warranted, such action will be imposed in accordance with MD Anderson's written standards of corrective action, and outlined in a corrective action plan. The corrective action plan to be implemented is developed after the outcome of an investigation. In determining the corrective action plan, MD Anderson should not take into consideration a workforce member's economic or reputation benefit to the institution. All corrective actions provided in the plan are disseminated to those responsible for completing such actions, and must be undertaken and completed within their specified time frames.

Any misconduct that violates civil or criminal law, rules or regulations may be reported to the appropriate governing body after receipt of credible evidence of such misconduct, along with a description of the appropriate corrective action taken. If applicable, plans for repayment of federal funds will be included in the report.

Corrective action plans also should include determining whether the problem is systemic and implementing any necessary preventive measures.

Corrective and/or Disciplinary Action

MD Anderson upholds a zero tolerance policy toward any illegal activity or knowing, willing, or intentional noncompliance with federal and state laws and regulations, and MD Anderson's policies. All actions taken will be in accordance with MD Anderson's [Hospital Compliance Plan](#).

MD Anderson prohibits the employment of individuals who:

- have a criminal history related to federal health care program or state health care program; or
- have been disbarred, excluded, or otherwise determined ineligible for participation in federal health care programs as evidenced by appearance in one of the following agencies (Adverse Action Databases") Sanction Checks are handled in accordance with the MD Anderson [Hospital Compliance Plan](#).

Reporting Compliance Concerns

Remaining silent and failing to report any violation or potential violation that a workforce member knows or should have known of may subject a workforce member to corrective action up to and including termination or dismissal. MD Anderson will not accept workforce member's claim that improper conduct occurred for the benefit of MD Anderson. Any such conduct is not for the benefit of MD Anderson and is expressly prohibited.

To encourage open communication in all dealings with the CCEO and the EICC, workforce members contacting Institutional Compliance are assured non-retaliation in accordance with the MD Anderson [Non-Retaliation Policy \(MD Anderson Institutional Policy #ADM0254\)](#) and an atmosphere of confidentiality.

To report compliance concerns, workforce members and any other member of the MD Anderson community, including patients and their family members, may:

- call the Compliance Hotline at 1-800-789-4448;
- call Institutional Compliance directly at 713-745-6636; or
- contact the CCEO via the Page Operator at 713-792-7090.
- email Institutional Compliance at Institutional_Compliance@mdanderson.org; or
- submit an online report through the [Detecting and Addressing Compliance Concerns webpage](#).

Suspected fraud, waste, and abuse involving state resources may be reported to the State Auditor's Office's Hotline at 1-800-TX-AUDIT (1-800-892-8348). The State Auditor's Office provides additional information at its website, <https://sao.fraud.texas.gov/>.

MD Anderson has established the Compliance Hotline, listed above, for workforce members and other members of the MD Anderson community to report all suspected violations or questionable conduct. The Compliance Hotline includes the following features:

- The Compliance Hotline number is included in onboarding materials, the Code of Conduct identification badge insert, the Institutional Compliance Program intranet site and website, and MD Anderson's Standards of Conduct: Do the Right Thing, and is displayed in poster form on MD Anderson bulletin boards;
- Telephone calls to the Compliance Hotline are treated anonymously, upon request, and confidentially to the extent possible;
- The caller is not recorded, traced or identified, and the caller is not required to furnish their name;
- Information provided to the Compliance Hotline is treated as privileged to the extent permitted by applicable law;
- Upon receiving information from the hotline, the CCEO will communicate and disseminate all compliance complaints to the triage team and assign to the appropriate party for investigation;
- Each report will be reviewed, and the CCEO or designee will initiate any investigations, corrections and/or follow-up on an as-needed basis in accordance with provisions of this plan; and,
- The CCEO will provide routine reports and periodic updates as deemed necessary to the EICC and President.

Note that intentionally making false accusations is a serious violation of MD Anderson policy and may lead to corrective actions against the person making the accusation, up to and including termination of employment. Workforce members may not use the Compliance Hotline to protect themselves from the outcome of their own violations or misconduct; however, self-reporting is strongly encouraged and may be considered a mitigating factor when determining the appropriate corrective actions.

In all reports of compliance concerns, the CCEO strictly complies with and enforces MD Anderson's [Non-Retaliation Policy \(MD Anderson Institutional Policy #ADM0254\)](#).
