TRIUMPH Postdoctoral Fellowship

The MD Anderson Cancer Center TRIUMPH (Translational Research in Multi-Disciplinary Program) Postdoctoral Fellowship is seeking talented and productive Ph.D. students who want further training in clinical and/or translational cancer research. The fellowship offers opportunities for didactic coursework, clinical rotations and unique interdisciplinary mentorships, with a long-term goal of producing translational scientists who can be teamed with physician scientists to lead a translational research laboratory as PI.

Eligibility

Early Stage
- PhD or MD/PhD in life or natural sciences within the last 3 years
- Dedication to pursue translational research
- Junior post-doc fellows (less than one and a half years of experience) and graduate students within one year of their anticipated defense date are encouraged to apply
- Have at least one accepted or published first or co-first author paper in a journal with an impact factor greater than 8 at the time of application

Established Postdocs
- PhD or MD/PhD in life or natural sciences within the last 3 years
- Dedication to pursue translational research
- Has no more than 3 years of postdoctoral experience
- Has two or more first or co-first author papers in journals with an impact factor of greater than 8. At least one publication should stem from previous postdoctoral work

Application Requirements
- Updated CV
- PDF reprints of all first or co-first author publications
- Three letters of recommendation
- Two-page essay describing your goals and dedication toward a career in translational cancer research

Why Choose TRIUMPH?
- Prestigious faculty mentors
- State-of-the-art research facilities
- Our alumni have gone on to have successful careers in lab science, academia and industry
