How to Apply

How do I apply for the summer program?

To launch the application in the Discover system, visit www.CancerPreventionTraining.org/Summer after November 1 and apply via the application link on the web page.

What is the Discover system?

DISCOVER is a web-based on-line application system designed to streamline the appointment process for fellowship applicants of MD Anderson Cancer Center.

What information is required in the Discover application?

The Discover application is similar to an employment application. Applicants will be required to enter personal contact information, date of birth, citizenship status, academic history, and work history. The last portion of the application includes demographics and education future plans information.

Why do you need to know my demographics?

The Cancer Prevention Research Training Program (CPRTP) and other programs at MD Anderson Cancer Center are proponents of diversity and inclusion. We encourage applicants of all backgrounds including, but not limited to underrepresented minorities; first generation college students; economically disadvantaged and underserved backgrounds; alternative lifestyle communities (e.g. LGBTQIA+); and individuals with disabilities. The information provided is reported to our funding agency, the National Cancer Institute (in the form of percentages and graphs, not specific names or personal information), to highlight diversity in science. The data is never used in a discriminatory manner.

Why do you need to know my future degree plans?

This data helps our program determine your career trajectory and be better equipped to guide you during the summer experience. Many CPRTP alumni pursue careers as research scientists, medical doctors, tenured faculty, teaching professors, and principal investigators, as well as non-traditional careers in policy and administration.

Why are you asking for my personal email address?

We contact alumni annually to track accomplishments, grant funding, and careers in cancer prevention research. Our program needs a personal email, not an institutional email, as many students do not check their institutional email daily and may not have access to the institutional email following graduation. The personal email address will be kept confidential and all emailed correspondence will be bcc (blind carbon copied).

If I want to apply to more than one MD Anderson Summer Experience program, will I need to set up a new Discover account?

Yes. Each participating program of the MD Anderson Summer Experience has its own application link. Applicants will be assigned a unique username and password for each application. It is the applicant’s responsibility to track of all applications, unique Discover ID number, and the corresponding login credentials.

I made a mistake on my Discover application and I also uploaded the wrong document, what should I do?

Phase 1 of the new application has 2 steps: Step 1 - Discover application (which cannot be edited, once submitted), and Step 2 - Supporting documents. If you upload the wrong document in Step 2, simply upload the revised document in the same location. Any new document will replace the older document in the Discover system.
COVID-19 Policies

How was the CPRTP Summer Research Experience impacted by the COVID-19 Pandemic?

As of 2021, all 12+ participating MD Anderson summer programs now offer on-campus (in-person) or 100% remote experiences.

Can I work on-campus during the CPRTP Summer Research Experience?

The appointment location is determined by the matched mentor, not the CPRTP. During the mentor matching process, trainees are instructed to ask the faculty whether they require their students to work on-campus or 100% remotely. The CPRTP will verify the appointment location with the matched faculty mentor.

Can my appointment location be a hybrid (mix of in-person and remote work)?

Sure, but you must be appointed as ‘in-person’.

If I am appointed 100% remote, can I come on campus?

No.

Do I need to be vaccinated?

Effective June, 2022, all remote and in-person students must provide evidence that they have received two (2) doses of the COVID-19 vaccine or request a medical or religious exemption to MD Anderson.

What are the differences between on-campus/in-person students and virtual/100% remote students?

Effective June, 2022, all remote and in-person students are required to:
- Obtain immunization compliance with Castle Branch in Phase 2 of Discover
- Upload proof of COVID-19 vaccine or request a medical or religious exemption.

In-person students ONLY, must:
- Visit MD Anderson HR to complete the I-9 section 2 process (i.e., show two forms of identification) and receive an ID badge.

How do I upload my COVID-19 vaccine records or exemption documentation?

CPRT summer interns are advised to upload documents to the portal at https://covidvaccine.mdanderson.org/Documentation and email these items to medical-accommodations@mdanderson.org. Exemptions require the completion of the MD Anderson Medical Exemption Form (email the RTP-EAS@mdanderson.org for a copy of the form). The MD Anderson Vaccination Committee will review the documents and provide approval. NOTE: MD Anderson Employee health cannot provide a status.

Under what circumstances will I be required to quarantine?

Effective, April 4, 2022, only summer interns traveling internationally or returning from a cruise prior to the appointment start date are required to comply with the COVID-19 screening requirement (i.e., test at MD Anderson OR self-quarantine for 7 calendar days). Students traveling from outside of TX are no longer required to take a COVID-19 test at MD Anderson, as long as they are asymptomatic.

During the 7-day self-quarantine, students are instructed not to leave the state of Texas. Also, they must adhere to social distancing when coming into contact with others and notify the RTP if they experience any COVID-19

**What happens if I have to leave Texas during the 7-day quarantine?**

You must report this to the RTP ([RTP-EAS@mdanderson.org](mailto:RTP-EAS@mdanderson.org)) and the clock will start over. Quarantine requires that the student remains in Texas for seven (7) consecutive calendar days.

**Is health insurance required for the COVID-19 testing at MD Anderson?**

- **With** proof of insurance, there is no charge for the COVID-19 tests, as the fees are billed directly to the insurance carrier. Remember, MD Anderson does not offer health insurance to short-term summer students. Most students have health insurance coverage through their school, parent, or legal guardian.

- **Without** proof of insurance, students may pay out-of-pocket. As of May, 2021, the cost of the test ranges between $622 and $1,244.

**As an on-campus student, am I allowed to see patients with my mentor?**

Effective Friday, June 10, 2022, all MD Anderson researchers, students and trainees can travel between clinical and research areas (including the utilization of transition spaces such as skybridges and corridors) to support research business needs such as transporting biospecimens and collaborating with clinical counterparts.

Interns must use existing employee screening entrances and designated badge access entry points. If specific badge access is needed by an employee to support business activities, the department’s administrative leadership must submit this request via Badge Access ([BadgeAccess@mdanderson.org](mailto:BadgeAccess@mdanderson.org)) detailing the specific point of entry being requested and the business justification for the additional access.

In addition, research designees requiring access to select clinical spaces (e.g., certain procedural suites, morgue) should coordinate directly with their clinical team(s).

All on-campus personnel (students and staff) should continue to follow COVID-19 protocols like wearing your MD Anderson-issued face mask and adhering to institutional guidelines for social distancing.

**How will we attend seminars and give our final presentations at the end of the summer?**

Effective June 1, 2022, all programmatic events and activities (e.g., educational, professional, and scientific workshops, seminars, and lectures) will be 100% virtual on ZOOM, except the **MD ANDERSON SUMMER POSTER EXHIBITION** ([read more](#)).

**As an on-campus student, can I get the vaccine through MD Anderson?**

Possibly. From an MD Anderson computer, visit the [https://ehcovidvaccine.mdanderson.edu](https://ehcovidvaccine.mdanderson.edu) (log on with MD Anderson username and password).

**May I communicate with a patient virtually?**

Please consult the primary mentor.

**May I work on-campus/in-person during the first half of the program and switch to virtual/100% remote during the last half?**

The appointment location is determined by the primary mentor, not the CPRTP. Please discuss the appointment location at length with the proposed mentor, before making your final decision during the matching process.
In most cases, students allowed by their mentor to work a hybrid appointment (e.g., a portion on-campus and a portion remotely) will be required to be appointed as an on-campus/in-person student. This means the intern will be required to complete the immunization process in the Castle Branch system (through Discover), in-person RTP orientation/check-in before the start of the program and must comply with institutional and department Personal Protective Equipment (PPE) and entry point screening guidelines per MD Anderson Research Trainee Programs (RTP).

What type of PPE does MD Anderson require?

All individuals visiting MD Anderson campus will be issued a medical-grade disposable mask upon entry. Additional PPE (e.g., eye protection, skin and body protection, protective gloves, and respirators) may be required depending on the lab. Please consult the primary mentor for specific PPE requirements or MD Anderson Environmental Safety at 713-792-2888.

What happens if the COVID cases in Houston rise?

If the number of COVID-19 cases drastically increases in Houston, we may transition to 100% remote work per our institution's guidelines. MD Anderson is a comprehensive cancer center with a disproportionately high number of immunocompromised patients and more vulnerable than the general population.

Eligibility Requirements

Who is eligible for the CPRTP Summer Research Experience?

1. U.S. Citizen or Permanent Residents. Visa holders are not eligible.
2. Applicants must have one (1) of these academic designations by the fall semester of the program year:
   - Undergraduate (rising juniors and seniors are preferred)
   - 1st year Medical student
   - 1st year Pharmacy student
   - Masters student (graduate)
   - Doctoral student
   - Other health profession student (dental, nursing, etc.)
3. Be enrolled in a degree program at a degree-granting institution within the United States during both the spring and fall semesters of the program year.
4. Students transitioning to a graduate or advanced degree program read more.

What is the ‘program year’?

The program year is the year of the summer program of which the applicant is applying. For example: Applicants of the 2020 CPRTP Summer Research Experience, applying in December of 2019 must provide proof of enrollment for the spring semester of 2020, during the 2nd phase of the application process, if accepted awarded an internship.

Why are only U.S. citizens or Permanent Residents eligible?

Per the terms of our grant award (#R25-CA056452) with the National Cancer Institute (NCI), trainees must have U.S. citizenship or valid and current permanent resident status. Applicants with visas are not eligible.

I am a U.S. citizen, but I am attending a medical university in Japan, am I eligible to apply?

No. Applicants must be enrolled in a degree program at an institution within the United States.

Are high school students eligible for the CPRTP Summer Research Experience in Cancer Prevention?
No. High school applicants should apply to the seven-week, King Foundation High School Summer Program at www.MDAnderson.org/Summer.

I will be an undergraduate sophomore by the fall semester of the program year, am I eligible to apply?

Yes, however preference will be given to those who will be undergraduate juniors and seniors in the fall semester of the program year.

Students Transitioning to Medical, Graduate or Advanced Degree Programs

I graduated with my Bachelor’s degree in the spring of the program year, do I need to apply to graduate school to participate in this program?

Yes. Applicants must be enrolled in a degree program for both the spring and the fall semesters of the program year. Transitioning students must submit proof of application OR proof of enrollment into a degree-granting program by the deadline. In other words, the applicant must either plan to apply (and show proof of application) or already be accepted (and provide a letter of acceptance) into a degree granting program.

I am a current undergraduate senior who will be graduating in May of the program year. I am hoping to pursue medical school in the fall. I have yet to take my MCAT, so how would I provide proof of enrollment in a graduate program or medical school?

- Applicants who will receive a Bachelor’s degree in the spring semester of the program year are considered transitioning applicants and must either: 1) be accepted or enrolled into a graduate or medical school program, OR 2) intend to apply to a graduate or medical school program in the fall semester of the program year. Awardees will not be allowed to miss our program activities to take tests, so please do not accept a position if you know you will have a conflict in the future.

- All applicants are required to provide both their spring and fall semester academic designations in the Additional Demographics section of the Discover application. In addition, transitioning applicants must upload either proof of application OR proof of enrollment (for the spring and fall semesters of the program year), into their Discover account.

There is no option for uploading a proof of acceptance letter or application letter in the Discover system. How do I add this letter to my Discover account?

Applicants may include proof of acceptance or proof of application with their unofficial transcript of highest degree OR by using the add document feature in Discover.

What type of proof of enrollment or application is acceptable?

- Proof of application is a copy of the application to medical or graduate school.
- Proof of enrollment can be any of the following documents:
  1. A signed acceptance letter on institution letterhead from the Registrar, Student Affairs Office, or the Dean’s Office.
  2. Transcripts that confirm enrollment during the trainee’s fellowship period.
  3. Verification of Enrollment Form (VOE).
Would it be okay if I submitted the proof of application later? I haven't applied to a graduate school yet.

No. Applicants are only eligible if they have applied to, been accepted to or are currently enrolled in a degree granting program at a U.S. institution and provide proof.

I’m graduating from college in May of the program year, but plan to take some classes at a community college in the fall of the program year, can I still apply to the summer program?

No. Students must be pursuing a degree at an institution for both the spring and fall semesters of the program year. Just taking additional classes does not qualify.

I’ve applied to graduate school for fall of the program year, but won’t find out if I’m accepted until April of the program year, can I still apply to the summer program?

Yes. You must upload a copy of your application to graduate school, along with a copy of the unofficial transcript of highest degree into your Discover account, by the application deadline. If you are accepted into the program, you must forward a copy of the acceptance letter to the CPRTP.

Applicants currently in medical or pharmacy school

I am in my second year of medical school, am I eligible to apply?

Medical or pharmacy students beyond year 1 of their program are eligible to apply, only if they provide a letter (with their unofficial transcript in Discover) from the home institution, on institutional letterhead, stating:

1. The applicant is taking a leave of absence from their home institution (include the dates of the leave of absence).
2. The applicant will not be receiving credit for participating in the CPRTP Summer Research Experience.
3. The applicant has permission to participate in the CPRTP Summer Research Experience during the program dates (include the start and end dates of the summer program).

I am a medical student and cannot start the CPRTP Summer Research Experience until July, am I eligible to apply?

No. Participants of the CPRTP Summer Research Experience must commit to the full 10 weeks of the program.

College Admission Testing & Test Scores

I’m taking the MCAT this summer; can I take off a week to prepare?

No. Awardees of this summer fellowship program are not eligible for any time off during the 10 week appointment. If students cannot to commit to the full-time, 10 week program, they should not apply.

Are SAT/GRE/MCAT/ACT scores required for the CPRTP Summer Research Experience?

No, but there is space provided on the Discover application to provide test scores.

Will the review committee evaluate my test scores?

Test scores will be considered, but not over-weighted.
Program Duration

How long does the summer program last?

Do you offer short-term fellowships all year round?

No.

I am unable to start the internship until June 15, can I still participate in the summer program?

No.

My family has planned vacation during August, can I still participate?

No. The program dates are set and cannot be changed. Applicants who cannot participate during the entire 10 weeks, should not apply.

Our school year ends after the appointment start date for the summer program, would I still be eligible to apply even if the earliest I could join the program is June 15th?

No. Early or late program start is not permitted.

I need to end a week earlier than the August appointment end date for testing, can I still participate?

No. The program dates are set and all applicants must be available for the full 10 weeks of the program, no exceptions.

Other MD Anderson Summer Programs

How many programs participate in the MD Anderson Summer Experience (SE)?

As of 2019, the following summer programs are participating in the MD Anderson Summer Experience. For a complete list visit [www.CancerPreventionTraining.org/Summer](http://www.CancerPreventionTraining.org/Summer) > (scroll down to) Additional Summer Programs.

1. Cancer Prevention Research Training Program (CPRTP) – Summer Research Experience (*this program*)
2. CPRIT-CURE Summer Research Program
3. U54 Partnership for Excellence in Cancer Research Summer Training Program
4. First-Year Medical School Student Program
5. Summer Undergraduate Research Program (SURP)
6. ITERT - Undergraduate Summer Research Training Program
7. SIRP - Summer Imaging Research Program
8. University Outreach Summer Program
9. King Foundation High School Program
10. SPCR – Science Park Summer Program in Cancer Research
11. Women and Minority Faculty Inclusion Summer Program

Can I apply to more than one MD Anderson Summer Program?
Yes, as long as eligibility requirements are met. You must track the *unique* username and password for each application.

**If I apply multiple times to the same MD Anderson program, will this increase my chances of acceptance?**

No. Please apply only once. All programs will accept one application per student. Any duplicates or incomplete applications will be purged from the Discover system after the application deadline.

Back to top

### Applying to Other MD Anderson and Non-MD Anderson Programs

#### What is the difference between the CPRTP program and other MD Anderson summer programs?

Each program participating in the MD Anderson Summer Experience is *uniquely* managed, funded, and has their own fellowship requirements. Our program differs from the others, by offering the following:

1. The summer research project will be specific to cancer *prevention*, per the terms of our NCI grant award.
2. Our program is robust and students will participate in 3 to 4 mandatory education and career development activities per week ([view the CPRTP Summer Activities page](#)).
3. Students have a more active role in the mentor matching process by conducting interviews (per our provided instructions) with potential mentors, and will notify our program of their preferred mentor choices. In most cases, we are able to match the students with their first choice. Other SE programs will match students with faculty mentors based on research interests, with no interview process.
4. As of 2020, our program offers housing assistance (to qualified students only), complimentary round trip airfare to/from Houston (1 ticket only), and up to $1,000 in research support for (restrictions apply).

#### To whom do I direct questions about other MD Anderson summer programs?

Direct inquiries to the program manager or director listed on the summer fellowship page.

#### Is the CPRTP the same as the CPRIT-CURE Summer Undergraduate Program?

No. While our acronyms are similar and we are both a part of the [MD Anderson Summer Experience](#), our programs are not affiliated. Our program name is the [Cancer Prevention Research Training Program (CPRTP)](#) and housed under the [Division of Cancer Prevention and Population Sciences (DCPPS)](#). [Visit the CPRIT-CURE funded Summer Undergraduate Program](#), for fellowship details or to apply.

**If I have already accepted another federally funded fellowship at my university, can I also receive funding from the Summer Research Experience?**

No. Trainees are not allowed to receive any additional federal funding from any other institution or mechanism during the CPRTP Summer Research Experience.

**I want to apply to the CPRTP Summer Research Experience, but I am also waiting to hear back about my medical internship. What should I do?**

We understand that students will apply to multiple programs. Applicants are encouraged to decide which program is more important and please do *not* accept an offer from our program if you know you will accept another pending offer. If you receive an offer from our program, kindly let us know you are waiting on another offer (inform us of the competing deadline) and we will add you to our *alternate acceptance* list. This will keep you in the running and allow our program to plan accordingly, as 95% of our alternates receive and accept an offer with our program.

**What if I accept the CPRTP summer internship, change my mind and accept another program fellowship later? Can I apply again in the future?**

You should participate in an experience that fits you better, even if it means declining our program. It will reflect negatively if you accept our program, and later back out of your commitment to us because you received a better offer. Doing so not only burdens the CPRTP administrative staff, but hinders another student from participating in our program. Remember, you are in training to be a professional and it is important to implement such practices of full disclosure and integrity. There is always a proper and confident way to manage such situations, and if you are unsure, simply ask.

**May I participate in more than one summer internship, even if I am not being paid by the other internship?**

No. Awardees of the CPRTP Summer Research Experience are discouraged from participating in other activities during the summer including employment, courses, and other internships. This is a full-time, 40 hour per week experience.

**How can I increase my chances of getting a CPRTP Summer Research Experience internship?**

1. Make sure you meet the eligibility requirements.
2. **Do not wait until the last minute.** Upload all application components no less than two weeks prior to the deadline.
3. **Keep track of all Discover application submissions** if you apply to more than one MD Anderson summer program, and make sure your personal statement is unique to that program.
4. **Do not upload more than what is required** into the Discover system, it will not increase your chances. Extra documents will not be submitted to the review committee.
5. **Write a strong personal statement.** The personal statement must be two pages and should include a unique story about your experience. Many applicants choose to write about their personal experiences with cancer (such as losing a loved one or their own personal battle), while other applicant’s write about a life-changing course, lecture, Ted talk or some other event which sparked an interest in cancer prevention. These experiences should tie in with your educational and career goals, and **must state a clear interest in cancer prevention research.** If there is no stated interest in cancer prevention, chances are, you will not be selected.
6. **Make sure the letters of recommendation are strong.** A recommendation letter should have a minimum of 4 paragraphs, and be written by who knows you well, can attest to your academic training and professional goals. Always request letters from more than 2 individuals (in case one does not work out), and check the status of your letters in Discover. [Read these important tips about Letters of Recommendation.](#)

**Stipend/Salary, Taxes, Research Support, Pay Dates, Direct Deposit**

**What is a stipend?**

The word "Stipend" is the same as "Salary" or "Pay", within MD Anderson. These terms are synonymous and are interchangeable. Per MD Anderson’s payroll department, taxes will be withheld from the pay checks of all employees and students who receive a salary or stipend.

**Are taxes withheld from my paycheck?**

Yes, however, the amount taxed depends on the designated allowances on the federal tax form completed by the student during the onboarding process.

**How much is the stipend?**
Up to $15.00 per hour (less taxes). This rate is non-negotiable and determined by the National Cancer Institute R25E grant (R25-CA056452). The stipend is subject to change.

When are paychecks distributed?

Summer students will receive paychecks the 5th and 20th of each month. Direct deposit is mandatory. Paper checks are not distributed to MD Anderson.

How many positions are available for the CPRTP summer program?

Twenty-five (25) positions.

Will the CPRTP cover any lab supplies, conference registration or travel related to my summer project?

Yes, each CPRTP summer student has $1,000 in research support available to purchase books, lab supplies, conference registration and other pre-approved items. Membership fees are not covered. The CPRTP summer program manager will provide students with detailed instructions and the approval process during the first week of the program.

Work Hours and Schedule

May I work part-time?

No, the summer program is a full-time, 10 week experience.

How many hours per week are students expected to work during the summer program?

Forty (40) hours per week, Monday-Friday, 8:00am – 5:00pm with 1 hour for lunch.

Is my schedule flexible?

No. All students must work 8am to 5pm schedule to attend mandatory activities which usually begin at 3 or 4pm. The only exception are for students who receive permission from their primary mentor to start the work day at 9am and end at 6pm, however, they must attend any required CPRTP activities scheduled outside that time.

Will I need to use a time clock?

No. The timekeeper of the mentor’s department will keep record of all employee’s time via a computer based system, and all timecards will be submitted each week. Summer students will not be paid for missed days.

Will I receive overtime if I work evenings or on weekends?

Trainees will not receive overtime pay for working late or weekends, and are free to work after business hours as long as permission is granted from the supervisor.

Is it okay if I work part-time or take some classes during my summer fellowship?

CPRTP does not advocate summer course work or employment in conjunction with the MD Anderson Summer Experience. If you are considering taking summer courses, you must contact CPRTP before enrolling in summer school. The summer experience is an intensive 10-week program, and does not allow flexibility to attend classes.

I have obligations to my school during the last week of the program, may I depart right after the Summer Trainee Exposition on Tuesday?
No. Students must participate in activities up until the last day of the summer program. The MD Anderson Summer Experience fellowship start and end dates are set and cannot be modified. This means you will not be able to start or end the fellowship early; take days off and make them up later; or work a modified schedule. If you are unable to commit to the full 10 weeks of the program, please do not apply.

Attendance Policy

What is the attendance policy of the CPRTP Summer Research Experience?

Attendance is an essential function of the job and trainees are expected to report on time for all scheduled hours (Monday through Friday, between 8am and 5pm). Trainees must be on time and ready to perform work duties at the start of their work day no matter if they are working remotely or in-person. Trainees of the MD Anderson Cancer Center's CPRTP Summer Research Experience are expected to comply with the institutional and program’s attendance guidelines. Specific attendance requirements are outlined in the Summer Fellowship Program Expectations furnished to the student before the start of the program. This form must be initialed, signed and dated by the trainee before the start of the summer internship.

What happens if I am running late to work?

You must contact your supervisor, not the CPRTP, if you are running late to work.

Who should I contact if I am sick, need to leave work early, or have unforeseen circumstances prohibiting me from attending work?

As outlined in the Summer Fellowship Program Expectations (provided to trainees before the start of the program), you must contact all individuals noted below, in writing via e-mail, in the event of missed work, illness, emergencies or other extenuating circumstances. For missed work, you are expected to provide a written explanation no later than 2 hours prior to the start of the work day (exception: emergencies).

1. Dr. Shine Chang, CPRTP Director, ShineChang@MDAnderson.org
2. Kava Lewis, CPRTP Summer Program Manager, KLLewis2@MDAnderson.org
3. CPRTP Associate Director
4. Your primary mentor
5. Your mentor’s AA
6. Your supervisor
7. Your department timekeeper
8. Any other relevant staff per your home department’s policy

Will I be paid for sick days or leaving work early?

No. You will not be paid for any time you are not at work.

Am I allowed to make up time on the weekends or in the evenings?

Makeup for missed time is at the discretion of the primary mentor. CPRTP’s policy is that any missed time should be docked appropriately, since trainees do not clock in or out. If trainee’s arrange to make-up time. They must notify the parties listed above, in writing, of this arrangement.

Will I need a doctor’s note to return to work?

Frequent absences due to illness will require a written Return to Work notice from your physician, stating that you are in satisfactory health and you are able to continue the program.
Who should I contact if I cannot attend a mandatory CPRTP event?

You must email Kava Lewis at KLLewis2@MDAnderson.org and carbon copy Dr. Shine Chang at ShineChang@MDAnderson.org the reason why you are unable to attend.

What happens if I forget to contact the CPRTP to notify them of a missed day at work?

Failure to comply with the attendance policy will result in disciplinary action (see next question) by the CPRTP. Our program will receive attendance updates from the department of the primary mentor.

What disciplinary action will be taken?

**First violation:** Verbal warning by the CPRTP Summer Program Manager at an in-person meeting.

**Second violation:** Written warning by the CPRTP Director, Dr. Shine Chang.

**Third violation:** Immediate termination of the fellowship.

Benefits, Time-off, Holiday Pay

Do I have health insurance?

No. Because this is a short-term fellowship, awardees of the CPRTP Summer Research Experience are not benefits eligible. Summer students will not receive any type of health insurance (medical, dental, etc.), retirement benefits, life insurance, paid time off, or reimbursement for parking, transportation, or moving expenses.

What happens if I call in sick?

Students who are out sick must follow the Attendance Policy to notify the CPRTP and mentor of their absence. The student will not be paid for that day.

My family takes a 2-week vacation every summer; will I be allowed to take this time off?

No. Applicants unable to commit to the full-time, 10 week program, should not apply. Read the Attendance Policy.

May I use the MD Anderson Fitness Center?

No. Because trainees are appointed for less than six months, they are ineligible for gym membership.

Since Independence Day occurs during the summer program, will I receive holiday pay?

No. If a holiday occurs on a work day, the campus will be closed, you will not work nor receive pay for that day.

Can you reimburse me for the parking during the first few days of the program?

No. The CPRTP does not reimburse for any parking, immunization fees or other fees not pre-approved.

Housing

Is housing or housing assistance available?
The National Cancer Institute (NCI) provides additional funding to the CPRTP for housing assistance. The CPRTP takes these funds and use them to pay for hotel accommodations at a local hotel in the Texas Medical Center. All CPRTP summer interns will be housed in the same hotel.

I prefer to stay at a different hotel or use the funds to stay at an AirB&B---can you just give me the hotel money?

No. All CPRTP summer interns will stay at the hotel of our choice and the funds will be submitted directly to the hotel for payment.

How do you determine which students receive housing at the hotel?

Students granted housing assistance at the hotel must: 1) have a confirmed appointment location of ‘in-person’, and 2) must be beyond the commutable driving distance to the Houston Texas Medical Center.

What if I live within a commutable driving distance to the Houston Texas Medical Center and I am working on campus and still want to stay in the hotel?

If a student is within the commutable driving distance to Houston, they do not necessarily have a ‘need’ for housing compared to an out-of-town student. For example, A student living in Katy, Texas can drive to work and will not be eligible for housing compared to an in-person student from Dallas, Texas with a greater need for housing. The number of students staying in the hotel drive up the housing costs. If there are a high number of students at the hotel, it is likely the each student will have to pay out-of-pocket costs that our NCI grant cannot cover.

I live within a commutable driving distance to Houston and I am working on-campus and was denied housing assistance, can I appeal?

Yes. Please submit a one-page written justification request addressed to CPRTP Director, Dr. Shine Chang. The request must be in an MS Word document, double- or single-spaced, 12pt font, and 1 inch margins. Email the appeal to Apply@CancerPreventionTraining.org by April 1 or within 2-business days of the housing request denial.

I am working 100% remotely, can I still stay at the hotel?

You may stay at the hotel at your own expense. Please contact the CPRTP Program Manager for the hotel name and telephone number.

When can I check-in to the hotel?

The CPRTP Program Manager will coordinate hotel check-in and check-out. Typically, students will check-in the Saturday prior to the start of the program and check-out the Saturday after the last day of the summer program.

May I remain at the hotel after check-out?

No. If you decide to stay in Houston for whatever reason, after the end of the program, you must check out of the hotel and make a new reservation at the hotel at your own expense.

I am working 100% remotely, but I would like to move to Houston during the summer at my own expense. What apartments do you recommend?

We highly recommend AirB&B. For a list of apartments, please contact the CPRTP Program Manager. In addition, check with your research team (e.g., postdocs) to see if they know if anyone who is in need of a roommate for the summer.

How do you determine whether hotel students will need to pay out-of-pocket?
Possibly. We will assess the students in need of housing after all students have been matched. Next, we will contact the hotel with the number of students who need rooms. The hotel will provide the CPRTP with a total amount due for housing and we will deduce the NCI fees from this amount. The balance will be divide by the number of students staying at the hotel. The balance must be paid at check-in.

**How much will we need to pay out-of-pocket? Do you have an estimate?**

Unfortunately, we cannot provide an estimate until we assess how many students need housing. In the past, students paid around $500 in out-of-pocket costs at check-in, but we cannot guarantee this or any amount.

I prefer to stay at a different hotel or use the funds to stay at an AirB&B---can you just give me the hotel money?

No.

**How do I sign up for housing?**

Applicants in need of housing must indicate this information in the *demographics* section of the Discover application. After mentor matching, the CPRTP program manager will email two (2) groups: 1) In-person students who do not qualify for housing and 2) In-person students who do qualify for housing. The latter group must reply to the email to indicate whether they require hotel accommodations at the contracted hotel. In-person students who qualify for housing are not obligated to accept housing assistance and may opt-out.

**Application Process (Phase 1: New Application)**

**How do I access the application?**

The application link will be available on our [summer program page](#) beginning November 1 of each year.

**How many phases make up the summer application?**

There are three (3) phases of the application process:

1. **Phase 1 (New Application)** *(All applicants will complete this phase.)*
2. **Phase 2 (Recommendation)*
3. **Phase 3 (Appointment Contract)*

**When do I complete Phases 2 and 3?**

**Phase 2** and **Phase 3** apply only to those who are awarded summer fellowship. All phases take place primarily through the Discover system, with a few items requiring electronic submission via email.

**What documents are required in Phase 1 of the application process?**

- **Step 1:** New Discover Application (similar to a job application)
- **Step 2:** Upload Documents. *These documents cannot be uploaded until Step 1 is complete.*
  - Curriculum vitae (CV) or Resume
  - Personal statement *(2 pages required + 1 additional page of mentor choices)*
  - Unofficial transcript of highest degree or current unofficial transcript (this can be requested and received by the applicant and uploaded into the Discover account)
- **Request Letters of Recommendation.** *Two (2) letters are required.*

**Can I submit my Step 2 documents if I have not completed my application?**
No. In the Discover system, **Step 1: Application Form** must be completed **before** advancing to **Step 2: Upload Documents**.

**How do I complete the forms in Discover?**

The documents are included within Step 2. Next to each document, you may see GET FORM, INSTRUCTIONS, UPLOAD, FAX, or VIEW. Select "Get Form" to download the form, print, complete, sign, scan, save to your PC and upload it using the hyperlink next to the appropriate document. Upload documents to the correct location.

**What documents are required in Step 2: Upload Documents?**

Curriculum Vitae CV or Resume, Unofficial transcript of highest degree, Personal Statement (with mentor choices listed on a separate page), Tobacco policy acknowledgement. See [Letters of Recommendation](#) for instructions.

**How can I tell if all of my documents have been submitted?**

Login to Discover, select **Summary** from the left menu, under the **Document Status** section to view the list of documents and the document status. "Submitted" means the form has been submitted and received. You will not receive an email notification of submission status from Discover nor the CPRTP. The CPRTP will send a general ‘application is under review’ email after the deadline. [Read more about the application review process](#).

![Image of a filled-out application form](image)

**Why was a document returned to me in Discover?**

A document can be returned in Discover for several reasons:

1. Only the 2nd page of a required document was signed and uploaded in the Discover account. **All pages of a required document must be uploaded including the signature page.**
2. The signature was typed instead of written by hand.
3. An electronic signature was used, all documents must be signed by hand.
4. The document was blank.
5. The wrong document was uploaded.

**What if I accidentally upload the wrong document or need to make changes to a document?**

Double check that you have submitted the correct document by clicking on “View”. If you notice you have uploaded the wrong document, select “Upload” and upload a newer or corrected version of your document. The CPRTP will be able to see all submitted versions.

**These forms are not fillable, how am I supposed to complete them?**

Use one of the following options:

1. Download, print, write in the data (clearly and legibly), scan, save to the PC and upload it into the Discover account.
2. Download, print, write in the data (clearly and legibly), and fax it to the Discover account (select the Fax option next to the document in the Discover system for instructions).
3. Use the typewriter feature in Adobe Professional (Trial Version) or any compatible Adobe software.

4. **For issues with Adobe:** Open the PDF in Discover, click Print, Select the Microsoft XPS Document Writer from the Name in the Printer pop-up winder, Click OK, name the file, save the file to the PC, double click to open the file and print with a regular printer. Write in the answers, scan and upload it into the Discover account.

Can I view documents after I upload them?

Yes. Applicants can view any documents and the application, even after submission, by logging on to the Discover account, selecting "Step 2: Upload Documents" from the left menu, and select "View" next to the document.

**Personal Statement**

How many pages are required for the personal statement of the Summer Research Experience application?

Two pages and one additional page for mentor choices. References are not included in the page limit and mentor choices must be listed on a separate page.

The Personal Statement form is not a fillable form, but has instructions, how do I submit a Personal Statement?

Type the personal statement on a word document and upload the statement and mentor choices (listed on a separate page) into Discover. Detailed instructions are in the Discover account.

How should I format the personal statement?

- First and Last Name must be at the top of all pages OR in the header.
- **Spacing:** Single or Double
- **Word limit:** 500 (minimum) 1,000 (maximum)
  - **Page limit:** 2 pages
  - **Page minimum:** 2 pages
  - **Page maximum:** 2 pages
- **Margins:** 1-inch (all margins)
- **Font face:** Any
- **Font size:** 12 point
- **Format:** Microsoft Word (.doc or .docx) or Adobe (.pdf)
- **Required citation or format styles (e.g. MLA, APA):** No preference. Any style or format is acceptable.
- **References:** Not included in the 2-page limit
- **Mentor Choices for CPRT Summer Research Experience applicants only:** Not included in the 2-page limit.

What areas should I address in the personal statement?

1. Why you are interested in the MD Anderson Summer Experience?
2. What are you hoping to gain or achieve from this experience?
3. How would you benefit from this experience?
4. What are your educational goals?
5. Describe your research interests and **be specific** (e.g. tobacco cessation, HPV, colon cancer).
6. Include any specific information about prior research, goals for future research and investigation.
7. **IMPORTANT:** Why are you interested in **cancer prevention research**?

I would like to include references, is this included in the personal statement page limit?

No.

Who will read my personal statement?
The CPRTP Program Manager, Directors and Review Committee, comprised of junior and senior faculty within the Division of Cancer Prevention and Population Sciences.

Back to top

**How to Find a Summer Mentor**

**Do I need to have a mentor before I apply?**

No.

**How do I find a mentor?**

**Do I need to contact a potential mentor in advance?**

No. The CPRTP will provide instructions to awardees for contacting and interviewing potential mentors.

**Where do I list my mentor choices?**

On a separate page, submitted with the personal statement. The mentor choices page is not included within the 2 page limit of the personal statement.

**May I be mentored by a faculty at a neighboring institution (e.g. Baylor)?**

No. Your mentor must be a faculty at MD Anderson Cancer Center.

**How many mentor choices are required?**

A minimum of 6 and a maximum of 10.

**What are the summer mentor requirements?**

1. A minimum of one primary mentor is required.
2. The primary or supervising mentor must have a faculty appointment at the Assistant Professor level or higher at MD Anderson Cancer Center, within the Division of Cancer Prevention and Population Sciences-DCPPS, scroll down to ‘Related Departments’. All DCPPS faculty are conducting research in cancer prevention and per the terms of our grant award, the summer research project must be related to cancer prevention.
3. Instructors and Postdoctoral Fellows may also serve as mentors, as long as they are supervised by a faculty at the Assistant Professor level or higher.
4. Students currently working (or planning to work) with faculty outside of the Division of Cancer Prevention (DCPPS) may list those faculty as potential mentor choice(s), but must make note of their current working relationship.
5. Students who wish to work with a non-DCPPS faculty must obtain permission from the CPRTP Director, Dr. Shine Chang. This faculty will also be required to submit a completed project description form describing the project’s relevance to cancer prevention.

**How do I search for potential summer mentors?**

1. Go to [www.CancerPreventionTraining.org/Summer](http://www.CancerPreventionTraining.org/Summer) → Find a Summer Mentor (left menu) → scroll down to Previous CPRTP Summer Mentor & Projects, and select from the list of faculty listed.

2. Search the faculty pages of the five (5) departments within the Division of Cancer Prevention and Population Sciences (DCPPS) below. Each faculty name is hyperlinked to the faculty research profile.
   1. Department of Epidemiology Faculty
Mentor Matching

What format should I use when submitting my mentor choices?

Please see the Personal Statement instructions in Discover or on our webpage, and use the following format:

**Mentor Choice #1:** Dr. Sandy Jones  
**Department:** Clinical Cancer Prevention  
**Reason(s):** I believe Dr. Jones’s lab will also give me a chance to use my interest in genetics and the genome and apply it to a new topic and a new field.

**Mentor Choice #2:** Dr. Jon Garcia  
**Department:** Epidemiology  
**Reasons:** I believe exploring the connection between diet, exercise, and cancer is something to look into more especially in populations that may lack access to healthcare and other items.

Why are there mentors outside of the Division of Cancer Prevention and Population Sciences (DCPPS) on the **How to Find a Summer Mentor** page?

All faculty listed on the **Find a Summer Mentor** page at www.CancerPreventionTraining.org/Ssummer have been pre-screened by the CPRTP; agreed to mentor or previously mentored a CPRTP summer student; have projects and research related to cancer prevention; and are aware of the mentor requirements and expectations set by the CPRTP. This eliminates the guess work out of the summer student randomly contacting a non-DCPPS, MD Anderson faculty and wondering if they have time to mentor a student or can cultivate a summer project in cancer prevention.

Why would a faculty be listed on the **Find a Summer Mentor** page, but not be interested in a telephone interview with me?

Projects, travel, or grant submissions often prohibit faculty from mentoring a summer student. Please do not be discouraged, as these unforeseen events occur from time to time. The CPRTP is committed to matching our students with the most suitable faculty.

What if I am not interested in being mentored by the faculty listed on the **Find a Summer Mentor** page?

Utilize the other search method for locating mentor choices.

Do my mentor choices need to be from the Division of Cancer Prevention and Population Sciences?

Yes, this is because per the terms of our NCI grant award the summer research project must be related to cancer prevention.

If I am awarded a fellowship, how will you match me with a mentor?

*Upon notification of award*, the CPRTP will review the mentor choices of the **awardees**, and provide you with instructions for contacting those faculty to conduct interviews along with a detailed interview guide.

What factors will determine whether a faculty will mentor me?
• Your previous research experience (if any)
• Whether your research interests are in alignment with their current projects
• Ability to work independently
• Whether you are seeking lab experience or basic science experience
• Whether their current research is in cancer prevention
• Their current work load (e.g. upcoming grant submissions)
• Their summer travel schedule (e.g. upcoming conferences)
• The number of students they are currently mentoring
• Available space within their department

**What is the mentor interview process like?**

We will provide you with an: 1) interview form (with suggested questions), 2) faculty contact information, and a 3) interview ranking form. All interviews must be completed by the deadline provided. In some cases, you will interview the faculty’s senior research scientist, lab manager, program manager, postdoctoral fellow, or instructor. These individuals work directly with the faculty mentor and will take an active role in mentoring the summer student, while managing daily activities. In these scenarios, the faculty mentor will act more as a supervisor and oversee the summer research project. In contrast, other faculty mentors will interview and subsequently work directly with the summer student. The interview usually takes up to 30 minutes.

**How will I know what mentor to choose?**

Before you begin interviewing potential faculty mentors, take stock of the things that are important to you. Make a list or brainstorm about what you want to get out of this research experience. Reflect on what is important, the skills you want to acquire, research ideas, products resulting from the research (e.g., publications, poster presentations), future research opportunities. The goal of this experience is to get more than a future letter of recommendation. Many summer research experiences result in lifelong research collaborations.

**How is the appointment location determined? I want to work on-campus during the summer, what if my mentor works remotely?**

The matched mentor determines the appointment location. Many clinical faculty will have labs and likely work on campus, while other faculty will be conducting research remotely. So, if you interview eight faculty, and 3 of the faculty work on-campus and five work off-campus, and you want to work on-campus, you will need to rank the faculty working on-campus higher on your submitted ranking form. During the interview, students learn that the appointment location is not as important as the research and overall mentoring experience—-that is the purpose of the interview. Please get to know the faculty, their research, and expectations during the interview. Ultimately, you will want to rank the faculty complimentary to you and your research goals highly.

**What if my matched mentor works on campus and does not require me to be on campus? I don’t mind working 100% remotely.**

Most faculty are flexible unless they have specific research tasks that must be conducted on campus, in a lab, etc. **You must be candid in your discussion about the appointment location and the mentor’s expectations during the mentor interview.**

**What happens after I complete my interviews with potential mentors?**

Once you submit your mentor ranking form, we will begin contacting the faculty (starting from the top of your ranking form). The sooner you submit the ranking form, the better. You are competing against 250+ summer interns who are all in need of a mentor. In most cases, the faculty you interview would have already spoke to 10 other students. We will also ask the mentor whether they require you to be on-campus, work 100% remotely, or if they are flexible.
We will contact each faculty and ask them if they will accept you. If the answer is yes---a match is made. If the answer is no, we move on to the next person on the list. Matched mentors will complete a project description form, which will be provided to the trainee at CPRTP orientation on day 1.

If I am matched with a mentor who is working on campus, will I need to do anything special?

1. You must complete the Castle Branch – Immunizations as part of Phase 2 of the Discover application process. The instructions are provided within the Discover system. See Immunizations for more information.
2. You must upload a photo in Phase 3 of the Discover application for your ID badge.
3. You will be required to come to MD Anderson campus to pick up your ID badge and complete section 2 of the 1-9 Verification process.
4. You must complete check-in with MD Anderson Office of Research Trainee Programs (RTP).
5. You must complete any COVID-19 vaccine or provide proof of vaccination or booster as outlined in the email communication from the MD Anderson RTP and Employee Health.

Why wouldn’t a faculty want to mentor me?

A variety of reasons could prevent a faculty from accepting a student:

- Hectic summer work schedule.
- Summer travel.
- Grant submissions.
- Commitments to other students.
- Personal or family issues (e.g., upcoming surgery, extended medical leave, seeking another job).

If a faculty mentor declines an offer to mentor you, please do not take it personally. Usually, faculty are committed to other projects which require their attention.

What is a project description form?

The project description form will detail the summer project, its relevance to cancer prevention, list the direct supervisor, potential publication opportunities, work schedule, and other information. Students will receive the project description forms as we receive them (between April 15 and June 1).

What happens if I like the first faculty that I speak with and they agree to mentor me right away?

The choice is yours. Either submit your completed interview ranking form to CPRTP informing them that the faculty accepted you or pursue the remaining interviews. Keep in mind, there will be more than 24 other CPRTP summer students conducting interviews (possibly with your mentor) and 200+ interns in other MD Anderson summer programs---all contacting faculty. The mentor matching process is competitive.

What happens after I am successfully matched with a mentor?

The CPRTP will work with the mentor’s department to coordinate your desk/office location for the summer. At the conclusion of day 2 of the CPRTP orientation on ZOOM, students will report to their mentor or mentor team.

Do I need to wait until the first day of the program to communicate with my mentor?

All students are encouraged to frequently communicate with their matched mentor, supervisor, and/or research team members before the start of the program. During this time, students should get familiar with the culture of their department, mentor expectations, work schedule, check-in schedule, recommended research articles (to read before the start of the program), systems training, and any other responsibilities.

How can I collaborate with my mentor if I am not yet in the MD Anderson system as a trainee and employee?
Please have your mentor or supervisor invite you to their MS Teams folder where you will be able to communicate, read files, and exchange files. MD Anderson MS teams folder are open to MD Anderson employees and external collaborators.

**When will I receive my MD Anderson email address and have access to the MD Anderson network?**

See [Laptops and Accessing the MD Anderson network](#).

[Back to top](#)
Transcripts

Do I need to submit a transcript from my high school?

No. Submit a transcript from the current institution or a transcript of highest degree if transitioning to a new degree program or changing schools. For example, if a student is currently a graduate student at The University of Texas Health Science Center – School of Public Health (UTSPH) and previously received a Bachelor’s degree at University of Houston, submit only the current transcript from the UTSPH.

I am graduating in May of the program year with a B.S. degree, but I have applied and been accepted to graduate school, what documents do you need me to upload to Discover?

Upload an unofficial copy of the transcript from the institution where the Bachelor’s degree was received and upload a copy of either the graduate school acceptance letter or graduate school application.

I am graduating in December of the application year with a B.S. degree and will begin graduate school in January of the program year, what should I upload into Discover?

Since the application deadline will occur before the start of graduate school, upload an unofficial copy of the transcript from the institution where the Bachelor’s degree will be received. Many December graduates wait until late December or early January to upload the transcript, since it will reflect their degree. It does not matter when you chose to request and submit your unofficial transcript, as long as you have properly indicated your spring semester and fall semester academic designations on the Discover application.

I will complete my 1st year of college in May of the program year, do you need my high school transcript?

No. Upload an unofficial copy of the current transcript from the current institution. If selected, you will be required to submit proof of enrollment for the spring semester of the program year.

I attended 3 colleges as an undergraduate, do you need all transcripts?

No. Usually, the most recent transcript will include credits transferred from the previous institutions. If that is the case, upload only the transcript from your current institution.

Do I need to have a copy of my official transcript mailed to the program?

No. Unofficial transcripts at the time of application are acceptable however, we reserve the right to request an official transcript if you are awarded a fellowship.

How do I submit an unofficial transcript?

Request a transcript from your university through their online portal or the registrar’s office. You can also request an official transcript from your institution (mailed to yourself), scan it and upload it into the Discover account. The transcript must be recent and include the current semester courses in progress.

What if I cannot get an unofficial transcript?

The application will be rejected without an unofficial transcript. Screen prints, report cards, etc. are not acceptable.
Proof of Enrollment

I already uploaded an unofficial transcript, do I need to provide other proof of enrollment?

During phase 2 (recommendation), awardees will be required to provide proof of enrollment for the spring semester of the program year.

What are acceptable forms of proof of enrollment?

1. A statement from a recommending faculty member at the applicant’s home institution, to include attestation that the individual is a student at the identified institution, is at a particular academic level, and is of good standing. Term or dates of enrollment must be identified and must cover the trainee’s period of appointment (spring semester of the summer program year). If emailed to the CPRTP, the recommending faculty member must send the statement from his/her home institution’s email account to apply@cancerpreventiontraining.org.

2. A signed letter on institution letterhead from the Registrar, Student Affairs Office, or the Dean’s Office

3. Unofficial transcripts will be accepted; however, computer print-out or screenshot of class schedule will not be accepted. Official transcripts may be sent via U.S. mail to: MD Anderson Cancer Center, c/o Kava Lewis, P.O. Box 301439, Houston, TX 77230-1439

4. Verification of Enrollment Form (VOE)

5. National Student Clearinghouse Verification Certificate

Letters of Recommendation

How many letters of recommendation (LOR) are required for the Summer Research Experience?

Two (2) letters of recommendation are required for the Summer Research Experience. If more than two letters of recommendation are uploaded into Discover the CPRTP will randomly select two letters and include these letters in the application documents sent to the CPRTP Review Committee. If you want a specific letter reviewed, please email apply@cancerpreventiontraining.org.

What are the Letter of Recommendation requirements?

1. Letters must be dated no earlier than one year prior to the application date.

2. Letters must be sent directly from faculty, mentors, or others who are in a position to comment on the ability and qualifications relevant to the type of position sought. Applicants may not personally forward the recommendation letters.

3. Letters must be on institutional letterhead.

4. Letters must be addressed to Dr. Shine Chang, Director or the CPRTP.

5. Must be manually or digitally signed by the referee.

May I use the same letters written for me, but for another program?

No. Letters must be specific to the CPRTP Summer Research Experience.

Who should write my letters of recommendation?

This letter needs to come from someone who can attest to your educational training and professional goals. The stronger the letter, the stronger the application will be. Preferred recommenders are:

- Professors
- Academic Advisors
- Teachers/Instructors
- Research Lab Managers/Supervisor
- Lab or Research Colleagues
What should be the length of the letters of recommendation?

A successful letter will include a minimum of 4 paragraphs and as long as 2 pages. If you or the referee are short on time, check to see if they will accept a draft of the letter you desire (in other words, draft your own letter), as this will save time.

I'm not sure if my recommender will submit a letter in time, what should I do?

If you are not sure whether your recommender will provide you with a letter by the deadline, identify another recommender. If we receive more than the required two letters, we will randomly select which letters to be included in the review, unless you tell us otherwise via email at apply@cancerpreventiontraining.org.

How do I check the status of my letters of recommendation in Discover?

Logon to your Discover account and from the LEFT menu select Request Letters of Recommendation. You will see a list of recommenders and a column in the middle titled, Letter Status. If the status is Submitted, we have received the letter. If the status is Requested, we have not received the letter of recommendation.

What should I do if my letter is in Requested status?

Follow up with the recommender. After entering your recommender’s information, the recommender will receive an email link to upload their letter directly to your application. You will not be able to see the letter, but you will be able to see that the recommender submitted the letter. If the recommender tells you they did not receive the email link, follow these steps:

1) Confirm that you entered the correct email address in Discover. If you entered the wrong email address, from your Discover account, go to Request Letters of Recommendation (LEFT menu) and select Delete next to the recommenders name, re-enter the information and submit another request.
2) Login to your Discover account, click Request Letters of Recommendation from the left menu, and select Send Reminder.
3) Tell the recommender that the email notification will come from DISCOVER_Support@mdanderson.org and to check their bulk/spam/junk folder. If this does not work, see if the recommender will give you their personal email address (e.g. gmail or yahoo).
4) Inform the recommender that the link was emailed from DISCOVER_Support@mdanderson.org and have them check their spam/bulk/junk folder.

Can I have the letters of recommendation sent to the program via email?

No. Letters of recommendation must be sent through the Discover system, per the diagram below.

How do I request letters of recommendation from recommenders for the summer program?

- Contact the two individuals that you have in mind, prior to requesting letters of recommendation.
- Log on to the Discover account, select "Request Letters of Recommendation" from the left menu, select "Add Provider" and enter all of the required information. The Discover System will automatically send the recommender an e-mail with a link to submit their Letter of Recommendation directly to the Discover account. It is the responsibility of the applicant to request letters via Discover and check the status of the letter submission via their Discover account and by following up with the individual recommender. Please inform the recommender that they will receive an e-mail notification to upload their letter and to check their spam folder if the e-mail notification is not received.

Are all documents and Letters of Recommendation letters due by the application deadline?

Yes, the application and ALL documents INCLUDING the required two (2) letters of recommendation are due by application deadline.
What information will I need about the recommender to enter in Discover (to request my Letter of Recommendation from them)?

1. First Name
2. Last Name
3. E-mail (MAKE SURE THIS IS VALID AND CORRECT)
4. Phone
5. Country
6. Professional Title
7. Institution
8. Relationship to the applicant

I want to make sure my recommender writes this letter. Should I send them an email before I put their information in Discover? What should the letter say?

Dear Recommender,

Recently, you should have received an email from the “MD Anderson Discover System” at The University of Texas MD Anderson Cancer Center requesting a letter of recommendation on my behalf. I am applying to the Cancer Prevention Research Training Program (CPRPT) - Summer Research Experience (www.cancerpreventiontraining.org/summer).

Please check this Discover email (and your bulk/spam folder), as it contains instructions for providing a letter of recommendation directly to the Discover application system. When you read the email you will see instructions and a link to log in to Discover and upload a recommendation letter.

As an applicant to this program, I need your letter in the Discover system as soon as you are able and no later than January 1. Please use your institutional letter head and sign and date the letter. Electronic signatures with name, date and time are also acceptable. Letters must be uploaded into the Discover system in order to be reviewed.

Thank you for assisting me in participating in this research opportunity for the summer.

How do I check status of the letters of recommendation?

The status of each letter of recommendation may be viewed when after logging on to the Discover account and navigate to the recommendation letter page.
Will I be able to see copies of the letters submitted by my recommender?

No. Letters of recommendation submitted on the applicant’s behalf will not be viewable by the applicant.

If a letter has not been received, how do I remind the recommender?

In the event that the provider has not sent a letter of recommendation, and the applicant may send him or her a reminder by clicking the "Resend E-mail" button next to the recommendation provider's name.

If the CPRTP rejects my letter of recommendation, what should I do?

A letter may be returned if the letter is not on letterhead or if the letter is unsigned. A notification will be sent to the applicant’s e-mail address on file. It is the responsibility of the applicant to contact the provider to request that he or she resubmit the document.

What if the recommender has problems uploading their letter of recommendation to my Discover account or claims they never received the link?

1. Verify the recommender’s email address and check your Discover account to make sure the email address was entered correctly.
2. Direct the recommender to their BULK, SPAM or JUNK mail folder, as many mail servers automatically mark e-mails from the Discover system spam.
3. If you continue to have problems, have the recommender e-mail their letter to apply@cancerpreventiontraining.org with the applicant name in the subject line.

I believe my application was denied because I was missing one letter of recommendation, may I have an extension?

Application extensions are not granted for those missing letters of recommendation. It is your responsibility to check the status of your letters using the instructions outlined in this document.

Back to top
How Submit the Application

How do I submit my Phase 1 application in Phase 1?

There are 3 steps in the Discover application. Your application is not complete unless all 3 steps are complete.

1. Step 1: New Discover Application (similar to a job application)
2. Step 2: Upload Documents. These documents cannot be uploaded until Step 1 is complete.
3. Request Letters of Recommendation. Two (2) letters are required.

What happens after I complete Step 1?

After completing Step 1, you will need to advance to Step 2 to upload your documents. Do not upload more than what is required (e.g. CPR certification, lifeguard certificate). After both Steps 1 and 2 are complete, click the gray Submit Completed Application button to transmit the application to the program.

What happens after I press the SUBMIT button?

"Application Submitted Successfully" will appear on the screen and the program will review your application documents. You will be contacted if your information is incomplete or additional information is required.

Will I receive a confirmation e-mail, once I submit my application?

Yes. See below for a sample e-mail (Be sure to check the BULK or SPAM folder):

*****SAMPLE EMAIL*****

THIS IS AN AUTO-RESPONSE EMAIL - PLEASE DO NOT REPLY TO SENDER.

You have successfully submitted your pre-application form to the DISCOVER System ™, the online application system for educational opportunities at The University of Texas MD Anderson Cancer Center.

DISCOVER ID: T00001246W0
First Name: Jane
Middle Name: Sally
Last Name: Doe
E-mail Address: janedoe@yahoo.com
Department Name: Cancer Prevention Research Training Program
Application URL: https://www2.mdanderson.org/sapp/Discover/default.aspx

The next step is to log into the DISCOVER System and start uploading or faxing the required documents to complete your pre-application. Instructions on how to upload or fax in documents are found within the Documents section in your account. Please keep your account information updated on a regular basis to ensure you receive important messages from our staff.

If you experience any technical difficulty signing in or using the DISCOVER System ™ send an e-mail to DISCOVER_support@mdanderson.org or contact our phone support at 713-794-4636.

I did not receive my email, how else can I check the status of my application?

Log on to the Discover account, select Summary from the left menu, and under the Pre-Application Form Status, Application Form section, you should see Overall Status: Submitted. If this message is not visible AND all fields of the application form do NOT have green checks, the application is INcomplete and has NOT been submitted.

What does it mean if the SUBMIT COMPLETED APPLICATION button is grayed out?

It means the application is incomplete. Log on to the Discover account and complete your Discover application and upload all required documents in Step 2, then press the Submit Completed Application button.

Can I make changes to my Discover application after I press "Submit"?

No. After the "Submit" button is pressed, changes cannot be made. It is imperative that applicants double check all data entered prior to pressing the submit button.

What happens if I make a mistake on the discover application or the uploaded documents.
Select "Edit My Information" from the left menu after logging on to your Discover account to change information within your Discover application. You may also upload another version of a required document if you notice a mistake. Our office will receive the newer form, but we actually have access to all versions of your submitted forms.

Back to top

Application Status

Will the CPRTP contact me with my application status?

The Discover system will recognize if a required document in Step 2 has not been uploaded. If a required document is not uploaded in Step 2, the application is considered incomplete. All incomplete applications will be purged from the Discover system and the Discover accounts will be disabled. The CPRTP will send a decline email to applicants with incomplete applications on or before the Notification to Awardees date per the Deadlines & Important Dates section of the CPRTP summer webpage at www.CancerPreventionTraining.org/Summer.

Why didn't I receive a confirmation e-mail that my pre-application was submitted?

Check the "Bulk Mail" or "Spam" folder within the email account and add Apply@CancerPreventionTraining.org to your approved senders list.

Will the CPRTP notify me if I am missing any documents or if my application is incomplete?

No. As outline in these FAQs, it is the applicant’s responsibility to make sure their application is complete and properly submitted through the Discover portal, as well as all supporting documents (e.g. letters of recommendation).

If my application is declined, will a reason be provided?

No. Applications are declined for a number of reasons including preset criteria established by the program. If an application is declined, we encourage you to re-apply next year or e-mail apply@cancerpreventiontraining.org. See How to Submit a Successful Summer Application.

When will I be notified about my application status?

An e-mail will be sent within two (2) business days following the application deadline with the application status. Applicants will receive an “Application not accepted” or “Application Pending Review” email. Refer to the schedule under Deadlines and Important Dates on the CPRTP Summer Program page.

What does "pending final review" mean?

It means the application has been selected to be reviewed by the CPRTP Review Committee.

What happens after my application is accepted?

Read the FAQs of awardees for details of what happens from application acceptance to the end of the internship.

Back to top
Application Review Process

What happens after I submit my application?

Within 2 business days (Monday through Friday, not counting weekends or holidays) of the application deadline, the CPRTP will conduct a pre-review of all applications to check for completeness. Incomplete applications will be purged from the Discover system and those with incomplete applications will receive a decline email. Supporting documents are not accepted after the application deadline. See the Deadlines & Important Dates section of our webpage at www.CancerPreventionTraining.org/Summer.

What is the application review process?

There are 4 rounds/stages of reviews:
1. Pre-Review Stages 1 & 2 by the CPRTP Program Manager
2. Full Review by the Review Committee
3. Post-Review by the CPRTP Director and Program Manager
4. Final Review: Phone Interviews by the CPRTP Program Manager

When will I receive notification that I made it to the next round or stage?

Email notifications will be sent to applicants at each stage of decline or acceptance to the next stage. If your application was selected for the next stage, your email will also include the decision date of that stage. These dates are not published on the website since they are frequently subject to change.

Can you tell me what happens at each round?

Applicants will be notified via email of advancement or decline at each level of review:
1. Pre-Review:
   - Stage 1: The applications are checked only for completeness. Applications with missing items will be purged from the Discover system and the accounts will be disabled.
   - Stage 2: Each application is reviewed against pre-set criteria, including previous participation in another MD Anderson program.
2. During the Full-Review, applications are sent to a committee of MD Anderson faculty. Each application will be reviewed by 2 committee members, subject to evaluation criteria, ranked, and receive comments.
3. The Post-Review is conducted by the CPRTP Director and Program Manager and involves evaluating the rankings and comments of the review committee resulting in the top 40+ candidates.
4. The Final Review consists of 10-minute phone interviews with the top 40+ candidates which results in the selection of the 25 awardees, alternates and declines.

If I am selected as an alternate, how likely am I to be awarded a summer internship?

Historically, close to 90% of our alternates have been awarded fellowships, so do not be discouraged if you are not selected. An applicant is categorized as an alternate simply because we don’t have enough positions available. Per the terms of our grant award, 25 positions are funded each summer.

What are the review committee members looking for when reviewing my application?

The committee will evaluate three (3) major areas: 1) a demonstrated interest in cancer prevention. Applicants can be selected from any major or discipline, but the statement should reflect that the applicant has considered cancer prevention thoughtfully and is drawn to exploring it; 2) personal qualities of initiative, commitment, academic curiosity, and a strong work ethic as reflected in personal statement and letters of recommendation; and 3) the level of opportunities afforded to the applicant and how the applicant has responded to those opportunities.
**Grades/ GPA / Pass/Fail**

**Will the review committee evaluate my GPA or test scores?**

GPA, test scores, and the prestige of the institution are considered, but not over-weighted.

**My program does not provide grades, only a pass/fail, so I do not have a GPA. What should I do?**

Enter N/A on the application when prompted to enter a GPA. After uploading the transcript of highest degree, we will review your transcript accordingly to determine whether your academic record is satisfactory.

**Application Phase 2: Recommendation**

**What happens after I am awarded this summer internship?**

Within one week of acceptance confirmation, trainees will receive an email notification from both Discover and the CPRTP with instructions for completing the recommendation for internship appointment paperwork, known as Phase 2. These documents will be submitted to the Office of Research Trainee Programs (ORTP) for approval.

**Who is the ORTP?**

From this point forward, you will be interacting with 3 additional entities during this process:

1. The **Office of Research Trainee Programs-ORTP** is similar to a Registrar’s Office and serves as the institutional resource for processing educational appointments for trainees & students. ORTP conducts new trainee onboarding and ensures educational programs and departments are in compliance with guidelines & policies from the UT System, the State of Texas, & Federal and other external agencies.

2. **MD Anderson Employee Health and Well Being** processes mandatory health procedures for trainees and employees.

3. **Castle Branch** is a compliance management company that has partnered with MD Anderson Cancer Center to provide a secure account to manage time-sensitive immunization requirements. There is a $20 non-refundable, non-reimbursable, processing fee required to use this system.

**What documents are required in Phase 2?**

1. [Proof of Enrollment](#) for the spring semester of the program year must be uploaded into Discover.
2. [Notification of Personal and Criminal History Background Check Form](#) (This is an electronic form. Awardees will receive a link and instructions to complete & submit this form electronically).
3. [Proof of Selective Service](#): Both males and females will need to sign this form. Eligible males will need to upload proof in addition to completing this form.
4. [Release of Liability Form](#): Completed by the CPRTP, not the applicant.
5. [Summer Experience Immunization Compliance Form](#). This must be uploaded after all health documents are uploaded and approved in the Castle Branch system. See [Immunizations](#).

**How can I prevent my documents from being returned?**

Make sure: 1) all pages of the documents are uploaded, not just the signature page, 2) signatures are handwritten, not typed in a cursive font or entered electronically, and 3) handwritten data is clear and legible.
Immunizations

I'm not sure if I am working on-campus (in-person) or virtual (100% remotely), should I complete immunization steps in Discover?

The appointment location is determined by the matched mentor. If you are opposed to working on-campus/in-person, make sure the top-ranked mentors on the submitted **Ranking Form** are complimentary. In other words, do not select/top-ranked a mentor who requires their students to be on-campus (in-person), when you want to be virtual (i.e., work 100% remotely).

Why do I need to provide health records?

*The University of Texas MD Anderson Cancer Center’s Department of Employee Health and Well-Being* requires all **on-campus/in-person educational trainees** to provide documentation of immunizations or serological proof (blood test) of immunity. CastleBranch is an online screening service utilized by **MD Anderson Employee Health**.

When should I get a TB test and gather my shot records?

As soon as you are accepted into the program, schedule an appointment with your family physician/school/community clinic to receive your TB test and contact your parents/guardians for shot records. You will receive an email from the CPRTP Program Manager with detailed Phase 2 instructions and the deadline. All MD Anderson employees are required to have a TB test performed before starting work.

How do I submit immunization records?

Logon to Discover and next to Summer Experience Immunization Compliance Report, select view form to read the instructions. You must create an account in the Castle Branch system, after paying the $20 processing fee, and upload the required documents into the Castle Branch system, not Discover?

What health documents will I need to upload?

1. **Demographics and Health Questionnaire form** (4 pages)
2. **Minor Consent Form** (if trainee is 18 years or younger)
3. **Privacy Practices**
4. **Required immunization vaccination records:**
   - **Measles, Mumps & Rubella (MMR):**
     - 2 vaccinations
     - Positive antibody titers for all 3 components (lab reports required)
   - **Varicella (Chicken Pox):**
     - 2 vaccinations
     - Positive antibody titer (lab report required)
     - Medical documentation of history of Chicken Pox
   - **TB Skin Test:**
     - A negative PPD skin test AND Respiratory Query within 3 months of Castle Branch's account initiation.
     - If PPD skin test is Positive, submit positive PPD skin test AND a Negative Chest X-Ray dated on or after the positive PPD skin test result, but within the past 10 years AND Respiratory Query within 3 months of Castle Branch’s account initiation.
   - **Tetanus, Diphtheria & Pertussis (Tdap):**
     - Must be documentation of a Tdap booster within the past 10 years

Who should I contact if I need a waiver or have issues with my health records?
Contact MD Anderson Employee Health at EHOccHealth@MDAnderson.org. In most cases, EHOCC can override Castle Branch and grant waivers or exceptions.

**What happens if I am unable to upload the immunizations by the deadline?**

Uploading health documents and obtaining approval from MD Anderson Employee Health is a lengthy process and failure to upload your immunization forms by the deadlines can result in the forfeiture of your summer fellowship.

**How do I check the status of my immunizations in Castle Branch?**

Check the Castle Branch account daily for health document status. The system will not automatically send notifications of missing documents. **Rejected** items must be addressed and **Compliant** are accepted with no further action required.

**Why were my health documents rejected?**

All health documents must be legible, and signed by a licensed physician or healthcare provider. Screen prints are not acceptable. If any of these requirements are not met, the document will be returned.

**At what point can I upload the Immunization Compliance Report?**

After all documents are marked compliant, see the To Do List Summary in the left menu, save and upload the Immunization Compliance Report to your Discover account. The Immunization Compliance Report must be labeled **Compliant** in green letters. If the report is not identified as compliant, your immunizations are **incomplete**. Do not upload an incomplete compliance report to Discover. The CPRTP cannot submit the paperwork for employment until the immunization compliance document has been uploaded.

Back to top

**Phase 3 (Appointment Contract)**

**What happens after Phase 2 documents are submitted?**

The CPRTP will submit phase 2 documents to the MD Anderson Office of Research Trainee Programs (ORTP) to process the employment paperwork. Once these items are approved, Phase 3 documents will become available.

**What documents are required in Phase 3?**

For on-campus students:

1) **Appointment Letter Signature Requested for your Appointment** will be the subject line of an email arriving from MD Anderson Discover. Once you receive this email, logon to your Discover account and select GET FORM next to appointment letter and download these (3) items:
   1a) **Applicant’s Contract/Letter**: 1) Download and read this letter in its entirety, 2) sign and date the 2nd page, and 3) upload both pages into your Discover account. Bring a printed copy with you on your first day.
   1b) **Campus Map**: Review these maps to familiarize yourself with MD Anderson campus before arrival.
   1c) **SE E-verify**: This document explains the process to verify employment eligibility.

2) **Media Release Form**

3) **Photograph**: Follow the instructions to upload a photograph used for your MD Anderson ID badge. **You will receive an email to complete these additional tasks outside the Discover system:**

4) **Background check via Pre-Check system**

5) **Online orientation**

6) **Electronic I-9 form**

For virtual (100% remote students):
1) **Appointment Letter Signature Requested for your Appointment** will be the subject line of an email arriving from MD Anderson Discover. Once you receive this email, logon to your Discover account and select GET FORM next to appointment letter and download these (3) items:

**1a) Applicant’s Contract/Letter:**
1) Download and read this letter in its entirety, 2) sign and date the 2nd page, and 3) upload both pages into your Discover account. Bring a printed copy with you on your first day.

**1b) Campus Map:**
Review these maps to familiarize yourself with MD Anderson campus before arrival.

**1c) SE E-verify:**
This document explains the process to verify employment eligibility.

2) **Media Release Form**
3) **Background check via Pre-Check system**
4) **Online orientation**
5) **Electronic I-9 form**

---

**I am a permanent resident and received an email from the MD Anderson Visa Dept. What should I do?**

Follow the instructions provided to schedule a check-in with the MD Anderson Visa Administration prior to ORTP check-in. Direct all questions to the Visa department at 713-792-1112.

[Back to top](#)

---

**Parking**

**FOR ON-CAMPUS/IN-PERSON STUDENTS ONLY**

**Where will I park during my first day?**

During the onboarding process (I-9 clearance, COVID-19 testing, and ID badge pickup), **on-campus/in-person** students will park in the Mid-Campus (1MC) Garage located at 1400 South Braeswood, Houston, TX 77030. The cost is $12 per day and payable via debit or credit card using the cash machine upon exit. Parking costs accrue each hour and you must pay anytime you exit the garage. Lost tickets will result in paying the full fare of $12 upon exit.

**How do I sign up for a parking contract?**

**On-campus/in-person** students must visit the MD Anderson Parking Department at Pressler Garage, PGA4.2000, Phone: 713-563-7275 (6 a.m. to 5 p.m., Monday through Friday), Email: parking@mdanderson.org and initiate a parking contract. Most summer students will park at the Armory Lot and take the bus or shuttle to MD Anderson campus.

**How much does it cost to initiate a parking contract with MD Anderson?**

It varies by parking lot and ranges from $30 to $120 per month. The 1st month’s parking fees are pro-rated and must be paid up front via personal check or debit card, while future monthly fees will be deducted from each paycheck. To avoid parking fees, students are encouraged to car pool or utilize public transportation.

**Can I park somewhere else on or near MD Anderson Campus?**

[Back to top](#)

---

**Public Transportation**

**Can I ride the bus or rail to MD Anderson campus?**

---
Yes. Many faculty and staff utilize the Metro Bus. We recommend using Google maps to track your trip from your home address to the address of your MD Anderson office, and google will tell you which bus to take.

- METRO bus and rail is $1.25 each way. Drivers cannot provide change.
- Fares are deducted from a Metro Q card or must be paid in cash in exact change.
- The METRO Q Fare Card acts like a “digital wallet” and fares are automatically deducted each time you ‘tap’ the card to ride.

How can I obtain a Q-Card?

- Download the Metro Q Card app (from Google Play or the App Store) and purchase a digital single or full pass. [https://www.ridemetro.org/Pages/MobileTicketing.aspx](https://www.ridemetro.org/Pages/MobileTicketing.aspx)
- Q Cards can also be obtained at any grocery store (e.g. HEB, Randalls, or Kroger) or tickets can be purchased from your smartphone. Visit the Ride Metro website for more information.

Can I purchase a metro card on the bus or rail?

- No. Cash not accepted on the rail. Fares must be paid prior to boarding the rail.
- Metro tickets can be purchased at self-serve TVM on the metro rail platform via debit, credit or cash.
- Metro Q Cards can be reloaded at the TVM on the metro rail platform using debit, credit or cash.
- *Metro Q Cards* and *Single Ride Rail Tickets* provide FREE transfers up to 3 hours after purchase in the same direction. The expiration time is printed on the single ride rail ticket. Bus transfers are not available when paying with cash.

What cab or taxi services are available in the Texas Medical Center?

- Uber (visit your mobile application store to download these free apps). A major credit or debit card or PayPal account is required.
- Fiesta Cab Company (713) 225-2666
- Liberty Cab Company (713) 695-6700
- Square Deal Cab Company (713) 659-7236
- United Cab Company (713) 699-0000
- Yellow Cab Company (713) 236-1111, Request a yellow cab: [www.yellowcabhouston.com/order.aspx](http://www.yellowcabhouston.com/order.aspx)

MD Anderson Shuttle

When and how can I use the MD Anderson shuttle?

The shuttles run between 7:30am and 6:30pm. Access the shuttle schedule by visiting [www.mdabus.com](http://www.mdabus.com).

Do I need to pay to use the shuttle?

No. The shuttle is free to all MD Anderson students and employees. Passengers must show their MD Anderson ID badge when boarding.

My building is not on the shuttle route. What should I do?

Call a “By-Request” MD Anderson shuttle at (713) 792-2338 or walk to the nearest building on the shuttle route.
Dress Code, Event Attire & What to Pack

What is the dress code?

MD Anderson daily dress code is business casual. Clothing does not need to be formal.

**Acceptable**
- Trousers/Slacks/Khakis
- Knee-Length Skirts
- Casual Dresses
- Polo or Button-down shirts/Blouses
- Blazers/Sweaters, Pashminas, Jackets

**Unacceptable attire**
- Shorts, Torn or Frayed Jeans
- T-shirts with slogans or advertising
- Flip-Flops, Hats
- Mini-skirts
- Revealing or bare midriff tops

What is the temperature inside MD Anderson buildings? Will I need a sweater or jacket indoors?

Most thermostats within the buildings are set at 73 degrees, but will seem much cooler. Sweaters, pashminas or jackets can be kept at your desk, in case you are cold while indoors. **Be sure to lock up all personal items, even if you are stepping away from your desk to go to the restroom or printer.** Consult your mentor regarding any additional dress code requirements set by the department, including casual Fridays (some departments allow jeans on Fridays, while others do not).

Can I wear jeans to Grand Rounds?

No. Business casual attire is preferred.

What should I wear to the presentations during the last week of the fellowship?

Wear professional clothing similar to what you would wear to a job interview.

- **Options for Men:** Suits; long sleeve dress shirt, slacks & tie, bow ties, vests, dress shoes.
- **Options for Women:** Suits (pants or knee length skirts); dresses (knee length, long or A-line); skirts and blouses (long or short sleeve).

What should I pack for the duration of the summer?

Umbrella, rain boots, rain coat or poncho, light jacket, walking shoes/sneakers, and other essentials for wet and hot weather conditions. Also plan for going from very hot outside weather to very cool indoor temperatures. **Be sure to watch the weather forecast daily and always keep an umbrella at your desk.**

Houston Weather

How is the weather in Houston during the summer?

Typical Houston summers are hot, humid, rainy and range from 91 to 95 degrees (see chart on the next page courtesy of [www.VisitHoustonTexas.com](http://www.VisitHoustonTexas.com)). The summer program takes place during hurricane season which means there may be frequent rain storms and flash floods.

What should I do if there is a flood or severe weather?

In the event of severe weather, always check MD Anderson's operational status at [www3.mdanderson.org/emergencyalert](http://www3.mdanderson.org/emergencyalert) or call 2-RING (713-792-7464). In the event of extreme flooding or other weather events, do not travel to MD Anderson campus and stay home. **Your safety is our top priority.**
About MD Anderson Campus

What is MD Anderson culture?

MD Anderson Cancer Center is located in the Texas Medical Center with over 20,000 employees. Our institution is a uniquely diverse and inclusive community of clinical, research, academic, and workforce professionals from diverse backgrounds. Our campus is comprised of over 17 buildings over several miles. Some buildings are not within walking distance and will require transportation.

Why do some buildings have more than one name?

Because some buildings have been renamed after distinguished donors, they may be referred to by two names. Students will receive a map and complete building guide which will include the full name and street addresses of all MD Anderson buildings during CPRTP orientation.

Example: The Cancer Prevention Building (CPB) which is home to the CPRTP and The Division of Cancer Prevention & Population Sciences (DCPPS) at 1155 Pressler, Houston, TX 77030, is also known as the Duncan Building due to the 2008 donation of $35 million by the Dan L. Duncan Family Foundation, to boost the ongoing efforts to help people reduce their risk of cancer and take preventive measures against disease. The CPB building was renamed, the "Dan L. Duncan Family Institute Building". Both names are combined and used interchangeably by employees as "The Duncan CPB building" or "The Cancer Prevention Building". This applies to many buildings on MD Anderson campus and can create confusion to newcomers.

Summer Program – Week One

What happens during the first day of the internship?

The ORTP plans to check-in students prior to the start of the program. The first two days of the program will be devoted to a virtual orientation with the CPRTP on Zoom.

I am working on-campus/in-person, what should I bring to onboarding/check-in?

1. Social Security Card: This is a MANDATORY document and must be the original, not a photocopy.
2. An original, unexpired photo ID or any document in List A or List B of the I-9 document list (emailed from ORTP) that establishes identity. The most common are a U.S. Passport, Permanent Resident Card, State issued photo identification (I.D.), or Driver’s License. Certified copies are not accepted.
3. Bank routing and account number, and mailing address to setup your direct deposit online in the MD Anderson myHR/PeopleSoft system.
4. A minimum of $24 on a debit or credit card for full-day parking during the first 2 days. Parking fees are $12 per day for a full-day. See Parking.

What happens after check-in/onboarding?

As mentioned above, RTP intends to complete onboarding and check-in prior to the start of the program. If any items are pending, you will be notified. Otherwise, make sure you logon to Zoom at the scheduled start time of CPRTP orientation. The CPRTP Program Manager will send calendar invitations for all summer events, including orientation.

How do I get to my department from check-in at 1MC?

Take the escalator to the 1st floor lobby and take the MD Anderson shuttle to the appropriate building. Be sure to confer with the primary mentor, mentor’s Administrative Assistant, Supervisor, or Office Manager for the office location, recommended parking lot, and how to gain access to the office suite. For the campus map, visit our MS Teams.
Laptops and Accessing the MD Anderson network

When will I receive my laptop?

MD Anderson Central Information Technology (IT) will issue leased laptops to all summer programs. The CPRTP will ship laptops to each student, along with a return label. The IT department will configure each laptop, but cannot do so until the student is hired into the MD Anderson PeopleSoft system. Due to the timing, the laptop may be shipped as late as the first Friday of the program. In the meantime, students may access the CPRTP orientation and other meetings using their personal device.

What should I do when I receive my laptop?

Do not throw anything away! Keep the original shipping box, the prepaid return label, the Dell computer box, along with the power supply cord. Follow the instructions provided to log on.

When will I receive my MD Anderson email address?

The CPRTP will provide you with your email address when they issue your laptop OR you can call 4INFO to receive your email address (you will need your MDA EID—see below). If you are able to use your personal laptop to access the MD Anderson network, please notify the CPRTP Program Manager and they will send you your MD Anderson email.

When will I gain access to the MD Anderson network?

You will not be able to access MD Anderson network, complete MD Anderson systems training or complete any tasks related to MD Anderson programs until you complete onboarding. Typically, students will not have full access to the MD Anderson network until Day 4 of the summer program as it takes a few days for the hiring process to be complete. The CPRTP will begin shipping laptops at the end of the first week of the summer program.

How do I obtain my MD Anderson employee ID number (EID)?

During Phase 3 of the Discover application process, you will receive an appointment letter. You must read, sign page 2 and upload ALL pages of the appointment letter into your Discover account. The employee ID number is the last item in the carbon copy (cc) section of the appointment letter on page 2 (under Dr. Diane Bodurka’s signature block). The six-digit number next to EID is your employee ID number. Memorize the EID and save it in your mobile device. You must frequently reference this number any time you are on MDA campus or calling an MDA department (e.g., Human Resources, 4INFO).

Can I use my personal laptop to access MD Anderson network?

Possibly. Contact the MD Anderson 4INFO helpdesk at 713-794-4636 (you will be asked for your EID) and select the ‘working remotely’ option for assistance. You will be instructed to enroll in the Duo Two-Factor Authentication and have the application installed on your mobile device. Visit the App Store or Google Play to install the Duo Mobile App prior to calling 4INFO. Visit MD Anderson Working Remotely for more information. Save the 4INFO number to your mobile phone.

When do I need to send back the laptop?

Students must return the laptop within 72 hours of the conclusion of the summer program. The laptop must be physically clean (no stains), include the original power supply, and returned in the original Dell box provided by the CPRTP. Use the prepaid UPS return label provided by the CPRTP. If you misplaced the label, contact the CPRTP. Students should drop off the box at the nearest Kinkos/FedEx or UPS store and obtain a shipping receipt as confirmation.

What happens after orientation and during the remainder of the first week?
Ideally, you should have already been communicating with your mentor to discuss expectations, how to conduct your research project, day-to-day activities, project ideas, work schedule, potential workshops, upcoming conferences, future research, publishing opportunities, future check-in meetings, and a budget to spend the $1,000 in research support provided by the CPRTP. You may be invited to a Summer Experience Welcome Event with all other MD Anderson interns (over 200) or department seminars. In short, week one will be busy!

**Will I get the opportunity to see other MD Anderson Summer Experience students?**

Yes, virtually. Refer to the MS Outlook calendar for events. All events will take place on Zoom, unless otherwise specified.

**Will I get an MD Anderson T-Shirt?**

Yes. During the summer the CPRTP will mail you a T-shirt.

**What is a typical day?**

Busy! Most work days will begin at 8am and end at 5pm. Students will report directly to a supervisor (virtually or in-person) which could be the faculty mentor, a postdoctoral fellow, research manager, or other team member designated by the mentor.

Students are encouraged to take a ‘driver’s seat’ in the research and play an active role in the project by communicating their ideas and knowledge, as this will enhance the summer experience. Time management will be key in a successful summer, as the CPRTP summer student will divide their time between the department of the primary mentor, the lab (if applicable), and the CPRTP for mandatory virtual activities.

**How will I balance the work between my summer research project and CPRTP activities?**

Students will manage their daily schedule using MS Outlook. Be sure to meet with your mentor within the first few days of your internship to discuss expectations, and scheduling frequent check-in meetings with your supervisor and/or mentor. You are expected to schedule your research project activities around the CPRTP career development activities, and prioritize accordingly. Students are free to form journal clubs and initiate shadowing opportunities resulting from informational interviews or in other departments of interest.

**Where can I find resources, handouts and other documents regarding my internship?**

All CPRTP summer students will receive an invitation to our MS Teams folder at both their personal and MD Anderson email address. Access to the MS teams will expire at the end of the summer program.

**Summer Program Activities**

**What are the required activities and assignments of CPRTP Summer Interns?**

This NCI-funded summer program is a robust experience. Activities are front-loaded, meaning they will occur more frequently during the first half of the program and less often during the remaining weeks to allow time to work on the final presentation and poster. All items below are mandatory (unless noted) and subject to change.

**Activities (Seminars, Workshops, Events)**

- CPRPT Orientation (Days 1 and 2 of the internship)
- CPRPT Career Conversation (Tuesdays, Noon-1pm)
- CPRPT Career Development Sessions (Thursdays, 4-5pm)
- Small Group Meetings with CPRPT Director
- Small Group Meetings with Dr. Yates (optional)
- Cancer Prevention and Control Grand Rounds (CPCGR)
- CPCGR Trainee and Speaker Brown Bags
- Check-in Zoom Lounges with CPRTP Program Manager
- Assignments
- SE Evaluations in Redcap (Week 1, Week 5, and Week 10)
- Informational Interview Names (submit names only during week 1)
- Educational Abstract
- CPCGR Brown Bag Host or Career Conversation Host (Selected interns will introduce a speaker)
- Halfway Report in Qualtrics (will include synopsis about informational interviews and other activities)
- Final Report in Qualtrics (will include synopsis about informational interviews and other activities)

**When will I be required to virtually attend CPRTP Summer Program Activities?**

Immediately. During the first week of the summer program, students will begin receiving calendar invitations via MS Outlook of each scheduled mandatory activity. **For up-to-date event information, refer to MS Outlook.** Activities are subject to change.

**Is attendance mandatory at all events?**

CPRTTP events are all mandatory, while SE events are usually optional. Check the Outlook calendar for details. Interns are expected to attend all mandatory activities and complete assignments/projects by the due date. Some activities are open to other MD Anderson students, while others are open only CPRTP students.

**What if I have a conflict and cannot attend an event?**

Refer to the attendance policy to notify the CPRTP of your absence. **It will be your responsibility to retrieve handouts and notes.**

**When will I receive instructions for how to complete assignments, such as abstracts and my poster?**

The CPRTP Director will go over abstracts during orientation. All SE interns will be invited to workshops for creating a scientific poster and elevator speech. Required assignments must be uploaded to MS Teams. An overview of assignments and events will be sent in an Activities Calendar at the start of the program. It is the student’s responsibility to manage all activities and assignments using the MS Outlook calendar.

**Can I access the MD Anderson MS Outlook calendar on my phone or sync it with my Google Calendar?**

Interns will receive a link to the CPRTP Summer Google Calendar which is automatically synced with the MD Anderson CPRTP Summer Activities Calendar. Access to any MD Anderson application (e.g., Outlook, intranet pages) requires Duo-Factor, as the MD Anderson network has a network firewall.

**What does each activity and assignment entail?**

- **CPRTP Orientation (The first two days of the program):** During orientation, interns will receive an overview of cancer prevention, activities, assignments, and events which will take place during the 10-week program. Dr. Chang will provide a 1-hour overview of the burden of cancer, from trends in incidence and mortality, to disparities by race, gender, income, and education, to growth in cancer survivors, and the small improvement in cancer mortality relative to death rates of other major causes of death in the US. Students will also watch, “Why Prevention is a Hard Sell”, an adapted a recorded presentation by Harvey Fineberg, MD, former president of the Institute of Medicine, speaking at MD Anderson in 2010 about the challenges to progress in prevention of chronic health conditions like cancer.

- **Imposter Phenomenon (IP) Workshop (during day 2 of orientation):** Imposter Phenomenon (IP) is characterized by feelings of self-doubt, with beliefs that #1) other people have over-estimated one’s abilities, #2) personal success is attributable to external rather than internal (e.g., intelligence, ability) factors, and #3) one will soon be “found out” or exposed to be the incompetent individual they perceive
themselves to be. During the 90-minute interactive workshop, students will identify values, write short-essays, and participate in group exercises. Students will receive structured coaching on both identifying the barriers and resources available to help address imposter feelings.

- **Parachute (flower exercise):** Prior to the start of the program, CPRTP summer interns will receive hardcover book, *What Color is Your Parachute?* Dr. Chang will coach interns on “Values and Priorities,” “Using Transferable Skills,” “Special Knowledge”, and the “flower” chart, and how to include elements within informational interviews and final presentations.

- **Small Group Meetings with CPRTP Director:** Dr. Chang meets in small groups with students shortly after appointment, which has helped students feel more connected to the Program and its goals.

- **CPRTP Career Conversations with Cancer Prevention Scientists and Practitioners (Tuesdays, Noon-1pm):** are informal discussions conducted with a wide range of cancer prevention faculty, researchers, and staff, including many women scientists and practitioners, behavioral scientists, and statisticians. A student will be assigned to host each event by introducing the invited speaker and closing out the event.

- **Cancer Prevention and Control Grand Rounds (CPCGR):** Students are required to attend the 1-hour CPCGR which includes local and out-of-town speakers who are leaders in cancer prevention research and control.

- **CPCGR Speaker-Trainee Brown Bag Lunch:** Immediately following the CPCGR seminar, MD Anderson CPRTP summer interns and other division interns will attend an informal trainee-facilitated interactive session. The purpose of the brown bag is to allow students and fellows to discuss research and career developments with the speaker on a more intimate level.

- **Introducing a Speaker (Career Conversation & CPCGR Brown Bag):** A selected CPRTP summer interns will be assigned to HOST a Career Conversation or CPCGR Brown Bag. During the event, two selected rotating students (one primary, one backup) are designated as discussion facilitators for each presentation and are responsible for eliciting aspects of cancer prevention research in the speaker’s message. Instruction for leading & facilitating discussions will be emailed to assigned hosts and posted in MS Teams.

- **Redcap Evaluations (Pre-Summer, Mid-Summer, Final-Summer):** The MD Anderson Summer Experience will collect specific metrics to assess impact of proposed innovative activities on increasing persistence in cancer research and specifically cancer prevention research careers.

- **(Assignment) Informational Interview NAMES ONLY** Interns will create a list of researchers of various ranks (faculty, postdoctoral fellow, etc.) in cancer prevention as well as clinicians in prevention and survivorship (more if desired) and conduct formal interviews by phone, Zoom, Skype, or in-person. Students will search for these individuals using the same methods utilized for potential mentor interviews. During week one, students will upload a list of individuals names in MS Teams and the CPRTP Director will review those names and provide feedback only to those students who need it.

- **(Assignment) Educational Abstracts:** Students will confer with their mentors to write an Educational Abstract describing their specific project in cancer prevention. The abstract will be uploaded into OpenWorks and published by the MD Anderson Research Medical Library, and included in the annual summer ‘book of abstracts’ for all Summer Experience interns.

- **CPRTP Professional Development Workshops (Thursdays):** CPRTP Summer Interns will attend a 1-hour workshop dedicated to developing professional skills (e.g., CVs/Resumes, Personal Statements).

- **Future Careers Workshops:** This 2-day workshop will provide students with strategies to extend their motivation and persistence after the end of the Program in careers that ideally include research and cancer prevention. Students will participate in exercises to link scientist identity with strategies to manage challenges and distractions during training and use values affirmations to extend interest in research and cancer prevention beyond the Program.
• **Final Presentations (Week 10):** *CPRTP Summer Trainee Summer Exposition* will feature 90-second elevator speeches given by CPRTP summer interns discussing the findings of their summer research project.

• **Halfway and Final Reports:** During week 5 (halfway) and week 10 (final), students will receive a Qualtrics link to rate activities and describe what they have learned about cancer prevention, personal growth, and career development.

**Can I volunteer at MD Anderson or around the Texas Medical Center?**

Of course! For opportunities, contact MD Anderson Volunteer Services at 713-792-5646 or at [Volunteering@MDAnderson.org](mailto:Volunteering@MDAnderson.org). For volunteering opportunities in Houston, visit [https://volunteerhouston.org/](https://volunteerhouston.org/) or google keywords: *volunteering in texas medical center*.

**What are some fun things to do in Houston?**

For events, restaurants, or to learn about Houston, visit [https://www.visithoustontexas.com/things-to-do/](https://www.visithoustontexas.com/things-to-do/).

**How will we communicate during the program?**

The primary method of communication will be email. Interns will be invited to the CPRTP Summer Program MS Teams and may use Teams to post questions.

**MD Anderson Signature Block**

**How do I create a signature in MS Outlook?**

Open Microsoft Outlook, Select File -> Options -> Mail -> Signatures, add the text below and select OK. The MD Anderson graphic is optional. The format should be:

```
Jane Doe, M.P.H.
NCI R25E Summer Graduate Research Assistant
Department of Epidemiology
Cancer Prevention Research Training Program
Phone: 713-555-0000
Email: JDoe@mdanderson.org
```

The MD Anderson graphic is optional.

I prefer to use my name and my school, along with my major in the signature block, is this okay? Please use only the format listed above. It is important to use a professional and concise signature block that properly explains who you are, when communicating with MD Anderson faculty and staff.

**Surveys and Evaluations**

**How often will I have to complete a survey (evaluation) during the summer program and why?**
The success of our program is measured by trainee feedback and subsequent career choices of alumni. We collect data to conduct research in areas including, but not limited to imposter syndrome, self-efficacy, career interest, scientist identity, and scientific communication. We evaluate the trainee’s experiences with mentor(s) and our program to make program improvements. Trainees are required to complete up to 7 surveys during the summer experience and 1 survey annually thereafter. We provide annual progress reports and competitive grant renewals (every 5 years) to the National Cancer Institute. Alumni will be contacted to complete a survey, provide an updated CV/Resume, and provide a synopsis of recent awards, accomplishments, and publications.

Final Summer Presentation Events

CPRTP Summer Trainee Exposition & Poster Awards

When do we get to present the results of our research?

As of 2022, three (3) events (two virtual, one in-person event) will take place during week 10 of the program:

1) CPRTP Trainee Exposition on ZOOM (Tuesday of week 10)
2) Summer Experience Elevator Speech Competition on ZOOM (Wednesday of week 10)
3) Summer Experience Poster Session (FOR IN-PERSON STUDENTS ONLY) at the MD Anderson Cancer Prevention Duncan Building, 1155 Pressler St., Floor 8, Rooms 1-8, Houston, TX 77030 (Thursday of week 10).

Do I need final results before I present?

No. You only need to report your findings during the summer.

What happens at the CPRTP Trainee Exposition?

The CPRTP Trainee Exposition is a 90-minute event on the last Tuesday of the Summer Experience from 11am to 12:30pm on ZOOM. During the first hour, CPRTP trainees will present a 90-second elevator speech (in alphabetical order by last name, with 2 intermissions), and during the half hour, the CPRTP will issue poster awards.

Is the Trainee Exposition virtual or in-person?

Virtual on Zoom.

How many people will attend the exposition?

Around 150 virtual guests, including mentors, faculty and Division of Cancer Prevention and Population Sciences (DCPPS) staff.

Can we invite family and friends?

Yes. The CPRTP will provide the Zoom link in the calendar invitation. You may forward the invitation to family and friends.

What are the order of events of the CPRTP Trainee Exposition?

Elevator Speeches are delivered in alphabetical order by speaker/trainee last name, followed by the Poster awards.

Will I be required to present a poster on Zoom?

No. The CPRTP will provide details to interns about the poster contest and the deadline to upload posters to MS Teams. The CPRTP will select a panel of experts comprised of faculty, summer trainee alumni, and postdocs to review and score posters. Cash awards will be presented during the CPRTP Summer Trainee Exposition on Zoom.
How are the Poster Awards organized?

CPRTP interns will receive a link to upload their posters to Qualtrics. Each student must assign one category to their uploaded poster: 1) Intervention Study, 2) Laboratory Study, 3) Literature Review, 4) Secondary Data Analysis, and 5) Other. The CPRTP will distribute posters to each judge to review and score posters in their assigned category.

What are the poster awards criteria?

Judges will provide a score (5-Excellent to 1-Poor) in six areas: 1) Clear statement of relevance of their specific summer research project to cancer prevention; 2) Inclusion of some aspect of responsible conduct of research relevant to their summer project and how they address it; 3) Clear description of research questions/problem and objectives, 4) Clear description of methods, project design/framework; 5) Clear description of data, analysis, results/other findings; and 6) Clear description of interpretation and conclusions and significance;

When is the poster judging period?

August 1-8, but this timeline is subject to change.

How will I know if I am a poster winner?

The CPRTP Program Manager will email poster winners, their mentors, and relevant support staff before the Exposition. Poster winners will be asked to prepare a 30-second acceptance speech and to keep their award confidential (i.e., do not tell other members of the CPRTP summer program cohort) until the CPRTP Exposition.

What time will poster awards be given?

Around 12:10pm, after all Elevator Speeches are given, the poster winners will be announced (by category), the awardees Zoom screen will be highlighted, and each poster awardee will be invited to make a few remarks (not to exceed 30 seconds). The acceptance speech should not exceed 60 seconds. Again, awardees will not be required to “present” their poster!

What are the poster amounts?

The prize amounts vary. In 2021, poster award amounts were $100 per category.

How do poster awardees receive the cash prize?

The CPRTP Program Manager will submit a check request for the poster awards.

- **100% remote students:** Will receive the cash prize via direct deposit by August 20.
- **In-person students:** Check requests will be submitted through MDA myHR/PeopleSoft and funds will arrive via direct deposit in the next pay cycle (likely August 20). In case there are issues, checks will be mailed via U.S. mail. In-person students must make sure their myHR/PeopleSoft account has the correct mailing address.

What are the requirements for the poster?

Poster templates are available for download in MS Teams. CPRTP summer interns must include the required NCI R25E grant funding acknowledgement on the poster.

Back to top
When is the Elevator Speech (ES) Competition?

*MD Anderson Summer Experience Elevator Speech Competition* is held during Week 10 on Wednesday on ZOOM. Check MS Outlook for details.

Who hosts the ES competition?

The Cancer Prevention Research Training Program (CPRTP) serves as host/facilitator and cash prizes are awarded by the MD Anderson Summer Experience (Dept. of Education and Training).

How long is this the ES Competition?

This event is roughly 30 to 45 minutes.

Is the ES Competition in-person or virtual?

The ES Competition will take place on ZOOM in 2021 and 2022.

Are CPRTP summer students required to enter the Elevator Speech competition?

No. *Competition entry is voluntary* and registration details will be provided during the summer.

How can I enter the Elevator Speech competition?

All SE students will receive an email with instructions for registering for the competition via a Qualtrics survey link. Within 2 business days of registration, students will receive a confirmation email.

How are ES finalists selected?

After registration, students will receive a link to the cloud folder to upload their 90-second audition video and a deadline. The CPRTP will identify a panel of preliminary judges to review and score audition videos. Preliminary judges are usually CPRTP summer and postdoc alumni, and MDA Trainee Research Day Elevator Speech finalists and/or winners. Nine (9) to 12 individuals with the highest scores are considered finalists and will compete LIVE in the competition on Zoom.

Is there a poster competition too?

The CPRTP will host a poster competition and distribute awards during the *CPRTP Summer Trainee Exposition*. In 2022, MD Anderson will host an in-person poster session ONLY for summer interns appointed as in-person/on-campus. No poster awards will be given during the *Elevator Speech Competition on Zoom* or the *SE Poster Exhibition* on campus.

What is the Elevator Speech competition prize?

Prize amounts vary each year. Best Speech prize may be up to $600 and People's Choice may be up to $400. The Best Speech is determined by a panel of judges and the People's Choice award is selected by the attendees (utilizing an electronic voting system). Finalists will also receive a certificate of participation via email.

Can I invite my family and friends to this event?

Yes. You may forward the Zoom invitation to family and friends. The Elevator Speech competition is open to the entire MD Anderson campus, as well as family and friends of the summer students. Visit the MD Anderson SE Final Event web page.

How should I dress for this event?

Dress in professional attire (as if you were going on a job interview). See Dress Code.
MD Anderson Summer Experience Poster Exhibition (Poster Presentations)

When is the Poster Exhibition?

Week 10 on Thursday at Cancer Prevention (Duncan) Building, 1155 Pressler St., Floor 8, Rooms 1-8, Houston, TX 77030. Check MS Outlook for details.

Who hosts the Poster Exhibition?

The MD Anderson Summer Experience (Dept. of Education and Training).

How long is this the Poster Exhibition?

Two hours. Due to the COVID-19 pandemic, programs will not present at the same time. One group will present posters from 9-11am, and the next group will present Noon-2pm. Check your Outlook calendar for details.

Is Poster Exhibition in-person or virtual?

For 2022, the exhibition will be in-person/on-campus. Cancer Prevention (Duncan) Building, 1155 Pressler St., Floor 8, Rooms 1-8, Houston, TX 77030.

Are CPRTP in-person summer students required to present posters?

Yes. If you are unable to present, email the CPRTP Program Manager and Director immediately.

I am confused. I saw on the website that we have to upload posters to OpenWorks, but the CPRTP is telling me to upload my poster to Qualtrics.

All SE students must upload their posters to OpenWorks so that the MD Anderson Research Medical Library can publish their posters online and provide a DOI (digital object identifier) number to the poster. This will allow interns to share their published poster digitally on their CV/Resumes, ORCID, social media and other digital spaces.

The CPRTP requires a copy of the poster in Qualtrics, so that: 1) The CPRTP will have a copy of the poster, and 2) The CPRTP can provide the poster judges with your poster to review and score for the poster awards.

I am confused. I saw on the website that we have to upload posters to OpenWorks, but the CPRTP is telling me to upload my poster to Qualtrics.

is will receive an email with instructions for registering for the competition via a Qualtrics survey link. Within 2 business days of registration, students will receive a confirmation email.

How are ES finalists selected?

After registration, students will receive a link to the cloud folder to upload their 90-second audition video and a deadline. The CPRTP will identify a panel of preliminary judges to review and score audition videos. Preliminary judges are usually CPRTP summer and postdoc alumni, and MDA Trainee Research Day Elevator Speech finalists and/or winners. Nine (9) to 12 individuals with the highest scores are considered finalists and will compete LIVE in the competition on Zoom.

Is there a poster competition too?

The CPRTP will host a poster competition and distribute awards during the CPRTP Summer Trainee Exposition. No poster awards will be given during the Elevator Speech Competition on Zoom or the SE Poster Exhibition on campus.
What is the Elevator Speech competition prize?

Prize amounts vary each year. Best Speech prize may be up to $600 and People’s Choice may be up to $400. The Best Speech is determined by a panel of judges and the People’s Choice award is selected by the attendees (utilizing an electronic voting system). Finalists will also receive a certificate of participation via email.

Can I invite my family and friends to this event?

Yes. You may forward the Zoom invitation to family and friends. The Elevator Speech competition is open to the entire MD Anderson campus, as well as family and friends of the summer students. Visit the MD Anderson SE Final Event web page.

How should I dress for this event?

Dress in professional attire (as if you were going on a job interview). See Dress Code.

Grant Funding Acknowledgement

Why do I need to acknowledge the grant?

The Cancer Prevention Research Training Program – Summer Research Experience is funded by a grant award from the National Cancer Institute. It is imperative to acknowledge fellowship funding so that your paper can be reported to the sponsor as a product of the award/gift we received from them. This will help us immensely when we submit grant progress reports and grant renewal applications. In addition, trainees and alumni are encouraged to acknowledge this fellowship award on their resume/CV.

What text do I need to add to my publication to acknowledge the grant?

Include either of the following citations in the Acknowledgments section or the Funding section of any product resulting from this CPRTP Summer Research Experience including, oral presentations, posters, abstracts, and research publications.

- This work was supported by: NIH/NCI R25CA056452 (insert your name here).
- The research described was supported in part by a cancer prevention fellowship for (Insert your name here) supported by the National Cancer Institute grant R25E (CA056452, Shine Chang, Ph.D., Principal Investigator).
- *Your Name) was supported by a training grant from the National Cancer Institute (R25CA056452, Dr. Shine Chang, Principal Investigator).

My mentor says that her research is supported by the MD Anderson core grant, what does this mean and what should I do?

Your summer project is a collaboration between you and your primary mentor. This project is usually related to the 'parent' project of the primary mentor. If this parent project is supported by the MD Anderson Cancer Center Support Grant (CCSG) or any of the core services listed at http://inside.mdanderson.org/departments/ccsg/ccsg-core-resources.html [intranet only], add either of the following text blocks to the NCI R5E citation in above:

- ...and by the NIH/NCI under award number P30 CA016672 and used the (insert name of the CCSG shared resource(s))
- ...and supported in part by the University of Texas MD Anderson Cancer Center Support Grant (CA016672, Peter WT Pisters, M.D., Principal Investigator) funded by the National Cancer Institute and used the (insert name of the CCSG shared resource(s))

Where do I put this citation?
Include the citation in the *Acknowledgments* section or the *Funding* section of any product resulting from this CPRTP Summer Research Experience including, oral presentations, posters, abstracts, and research publications.

**How do I list the CPRTP Summer Research Experience on my resume/CV?**

If using the standard MD Anderson Curriculum Vitae form, designed for careers in academia, list your *CPRTP NCI R25E Summer Research Experience* in both the *Education* and *Honors and Awards* section (see below).

**Education Section**

![Education Table]

**Honors & Awards Section**

![Honors and Awards List]
Exit Procedures

What happens at the conclusion of the internship?

Students will receive a link via email to begin the exit check-out process. This process is entirely online.

What is the exit process?

Students must complete all exit clearance steps as instructions, as well as provide the permanent mailing address (this is where MD Anderson Human Resources will mail your IRS W2 tax form).

Can I continue working with my mentor after the summer program ends?

Mentors may extend the trainee’s fellowship uncompensated or compensated (on their funds). The CPRTP is unable to compensate any trainees on the NCI grant beyond the program end date.

Reappointment Procedures

What is the appointment extension process and how long does it take?

An appointment extension (also referred to as a reappointment), must be initiated by the home department, not the CPRTP. Reappointment processing takes approximately three weeks and the home department must submit the proper paperwork to RTP by July 1. Failure to submit paperwork in a timely fashion will result in a lapse in pay (if the trainee will be compensated after the last day of the program) and no access to MD Anderson computer or resources (including badge access). Students must contact their mentor to discuss reappointment.

My mentor plans to reappoint me, what should I do to prepare?

The home department must:

- Complete a re-appointment form and an ePAF transfer (to transfer the student from the CPRTP department code to the MENTOR’S department code).
- Email 4info to request a leased laptop extensions. The reappointment dates must be emailed to 4info@mdanderson.org and cc: CPPS-IT@mdanderson.org
- Contact Human Resources at 713-745-6500 with reappointment dates to ensure myHR that the ID will not be deactivated

After the home department completes their portion, the student is notified via email of the new appointment and must complete the following steps:

- Follow the instructions in the email to sign and return the new appointment letter (all pages, not just the signature page)
- Return to MD Anderson Human Resources in 1MC to obtain a new ID badge
- Instruct the home department to grant door access via UTPD (provide home dept. with ID badge numbers)

Post Internship

I was awarded an NCI-funded fellowship in the CPRTP summer program in 2015, can I reapply for another CPRTP NCI-funded summer fellowship in 2019?

No. Fellowships funded by our NCI grant award R25 CA56452 are a one-time award however, CPRTP trainees are welcome to apply for other CPRPT fellowships available such as Donor-Funded Postdoctoral Fellowship, as long as they met the eligibility requirements.
I was awarded an NCI-funded fellowship in the CPRTP summer program in 2015, can I reapply for another CPRTP NCI-funded summer fellowship in 2019?

CPRTP NCI R25 summer alumni are welcome to apply during future cycles for other summer internships at MD Anderson at [www.mdanderson.org/summer](http://www.mdanderson.org/summer) as long as they meet the eligibility requirements outlined on the unique program page.

As a CPRTP alumni, can I apply to another MD Anderson Summer Experience program using my previous application?

No. Each cycle requires new applications and new letters of recommendation. Most letters of recommendation must be recently dated (within the last 90 days). Consult the unique MD Anderson Summer Experience program web page for details.

How do I keep in touch with the CPRTP?

We report career status, publications (resulting from this fellowship award), presentations, and awards to The National Cancer Institute. This data is reported annually and during grant competitive renewals (every 5 years). Alumni will be asked to provide updates via [this trainee update form](#).

How do I request a letter of recommendation from the CPRTP?

Complete [this letter of recommendation request form](#), also available for download from our website at [www.cancerpreventiontraining.org](http://www.cancerpreventiontraining.org). Direct any questions to Apply@CancerPreventionTraining.org.

Are we allowed to attend CPRTP seminars and workshops at MD Anderson (e.g., Cancer Prevention and Control Grand Rounds-CPCGR, Trainee Forum) after the fellowship ends?

Of course! As of 2021, we continue to invite recent CPRTP summer alumni to CPCGR and CPCGR Meet-the-Speaker brown bag since these events are virtual. If events are held on campus, alumni are welcome to attend as long as they comply with MD Anderson COVID-19 campus guidelines. Campus visitation guidelines are always subject to change. Read these current [MD Anderson Coronavirus guidelines](#) visit.

How can I receive verification of employment?

MD Anderson verification of employments are outsourced to MyWorkNumber at 1-800-367-5690, MD Anderson company code is 10578.

I have not received my W2 tax form. Who should I contact?

Contact MD Anderson Payroll at 713-745-9530.

[Back to top](#)

### MD Anderson Buildings

Most MD Anderson buildings are connected via an indoor Skybridge which is about a ½ mile each way from the main hospital to the cancer prevention building. Other MD Anderson buildings (e.g. 1MC or South Campus (SCRB)) require an MD Anderson shuttle or driving. Most building are referenced by more than one name, as many are named after distinguished donors. For example the Dan L. Duncan Family building is commonly referred to as “Duncan”, “CPB” or “The Cancer Prevention Building”, and houses the CPRTP.
