College Physics I, including lab	PHYS 1401 or PHYS 1301+1101	4
Total number of semester credit hours		42

Diagnostic Medical Sonography Two-Year Program

Fall 2021 Admission

Frequently Asked Questions

When do I turn in my admission application for Fall 2021?

The application will be available starting September 15, 2020. You should submit the application, transcripts of each college attended, essay and three professional recommendation forms before the priority deadline of February 1, 2021. To ensure documents are received before the priority deadline, it's recommended that you apply months before the deadline.

Can I apply for Spring or Summer admissions?

No. Students enter the Diagnostic Medical Sonography program once a year in the Fall semester.

I'm currently enrolled in my final prerequisite courses this Fall 2020 semester. Can I apply for admission to enter the Diagnostic Medical Sonography program?

Yes, if you are taking your final prerequisite courses this Fall 2020 semester, you may apply for admissions. Submit your application and three professional recommendation forms now. In December 2020, once you have completed your courses and your grades have posted on the transcript, you can submit your college transcript. All items must be received before the priority deadline of February 1, 2021.

I have a few incomplete prerequisite courses. I will take the final prerequisite courses in Spring 2021. Can I apply for admission to the Diagnostic Medical Sonography program?

No, since your final prerequisite courses will not be completed before the priority deadline of February 1, 2021, you cannot apply for Fall 2021. You can apply for the next enrollment cycle of Fall 2022.

What factors are considered in the [admission process](#)?

Admissions to the program is highly competitive and holistic. This means that an admissions committee will look at all the factors below when admitting a student. Meeting the minimum requirement does not guarantee acceptance.

- (1) A minimum of 2.50 in all three areas: Overall GPA, science GPA and prerequisite GPA
- (2) Completed prerequisite courses at the time of application
- (3) Essay (the essay prompt will appear on the online admission application)
- (4) Three Professional Recommendation Forms
- (5) Interview
- (6) Attendance at the [Diagnostic Medical Sonography Information Session](#)

When will I receive my admission decision?

Completed applications that meet all minimum admission factors will be contacted for an interview. An admissions decision will be completed near April 2021.

Diagnostic Medical Sonography Two-Year Program

Fall 2021 Admission

Frequently Asked Questions

How do I learn more about the Diagnostic Medical Sonography program?

Attend a monthly information session. You will gain valuable information on the application process and program curriculum. Attending the information session is also a requirement for application to the program. View the information session dates and times [here](#).

I already hold a bachelors degree. Can I apply for this program?

Yes, you can apply. Upon graduation you will earn a second bachelors degree.

I already hold a bachelors degree. Can you waive the prerequisite courses?

No, despite holding a prior degree, you must still complete the prerequisite courses.

Where is the School located?

The School is located at 1515 Holcombe Blvd, Houston, TX 77030 inside MD Anderson's Main Building.

What is a clinical internship?

As part of the learning process, you will complete approximately 1,000 hours of a guided clinical internship. Clinical internships allow you to apply your knowledge gained from the classroom and labs to the real life medical setting.

When I graduate, what degree will I earn?

You will earn a bachelor of science degree from The University of Texas MD Anderson Cancer Center.

What does it mean to hold credentials in sonography?

Upon graduation, you will have the opportunity to take the credentialing exam offered by the [American Registry for Diagnostic Medical Sonography](#). Certification distinguishes you as an expert in your field and demonstrates that you have the cutting-edge knowledge and skills needed to provide top care to your patients. Passing the credentialing exam can result in improved job prospects and higher salaries. You will be credentialed as a Registered Diagnostic Medical Sonographer, and qualify to take the specialization examinations in abdomen (AB) and Obstetrics and Gynecology (OB/GYN).
