TO: **OFFICER IN CHARGE, CUSTOMS SERVICE, UNITED STATES OF AMERICA**

To Whom It May Concern:

The package that is in your custody, relating to the above patient, contains biopsies of human tissues that are fixed in paraffin (some may be stained). These specimens are sent in the form of slides or blocks and are **neither infectious nor contagious**. This pathological material plays an important role with cancer treatment and its use for the confirmation of diagnosis is essential.

We would appreciate these materials being expedited. Should you have any further questions, please do not hesitate to contact our office.

Sincerely,

MD Anderson Cancer Center

Disclosure of your social security number (SSN) is requested in order for The University of Texas MD Anderson Cancer Center to process your consultation. No statute or other authority requires you disclose your SSN for this purpose, and we may not deny services if you choose not to disclose it. Failure to provide your SSN, however, may result in the creation of a duplicate patient number being issued, which may lead to multiple medical records. Further disclosure of your SSN is governed by the Texas Public Information Act and other applicable laws.
